Songs From The Denkoroku:

Songs from the Denkoroku Ian Kilroy, 2014 Songs from the Denkoroku is a series of poems inspired by Zen Master Keizan's Record of Transmitting the Light a classic of Zen Buddhist literature Each poem in the sequence is based on the enlightenment experience of the historical Buddha onwards through the successive generations of Zen teachers up to Master Dogen the founder of Soto Zen Buddhism and beyond The writing of these poems was suggested by the author's Zen teacher Taigu Turlur as a preparation for the author's own Dharma Transmission as he became the 93rd in the line of succession a line that stretches back to the Buddha's original awakening under the Bodhi tree some 2 500 years ago The poems are teachings in themselves capturing the spirit of Zen's direct pointing to reality a spiritual tradition whose profound teachings awaken us to the true nature of reality and that reconciles us with our place in it **Do Not Try to Become a Buddha** Ian Kilroy, 2025-01-21

A Zen Buddhist priest paints a picture of Zen in Ireland in this collection of short essays In this personal and enlightening collection of short essays Irish Soto Zen priest Myozan Ian Kilroy describes how he came to practice Zen introduces the basics of Zen philosophy and recalls the challenges of establishing a Zen Buddhist community in Catholic dominated Ireland Along the way he explores the rituals and practices that Zen brings to everyday life from holidays to weddings to birth ceremonies to funerals A former journalist Rev Myozan's clear yet entertaining storytelling style paints a clear picture of how Zen has adapted to the culture and traditions of Ireland *Zen and the Heart of Psychotherapy* Robert Rosenbaum, 2015-12-22

In the midst of our busy activity people often feel fragmented We experience conflicting demands from our work our personal relationships our families and our spiritual practice In this book the author a practicing psychotherapist explores the challenges and joys of making our life into a coherent whole Psychotherapy addresses a sense of fragmentation in an effort to help us be uniquely ourselves Zen Buddhist practice insists we find ourselves on every moment of our lives it speaks to the basic connectedness of all things This book attempts to integrate the two Each chapter examines some aspect of sewing together the practice of Zen with the realization of psychotherapy and its implications for daily life Though there is a logical progression to the chapters each chapter can be read on its own if the reader is interested in how a particular text might inform their psychotherapy or life circumstances Through the stories of his clients and his own difficulties and discoveries the author invites each reader to actualize the fundamental point to realize the joy and compassion that comes when we touch the basic ground of life and put it into play in our everyday activity **Visions of**

Power Bernard Faure, 2020-10-06 Bernard Faure's previous works are well known as guides to some of the more elusive aspects of the Chinese tradition of Chan Buddhism and its outgrowth Japanese Zen Continuing his efforts to look at Chan Zen with a full array of postmodernist critical techniques Faure now probes the imaginaire or mental universe of the Buddhist Soto Zen master Keizan Jokin 1268-1325 Although Faure's new book may be read at one level as an intellectual biography Keizan is portrayed here less as an original thinker than as a representative of his culture and an example of the paradoxes of

the Soto school The Chan Zen doctrine that he avowed was allegedly reasonable and demythologizing but he lived in a psychological world that was just as imbued with the marvelous as was that of his contemporary Dante Alighieri Drawing on his own dreams to demonstrate that he possessed the magical authority that he felt to reside also in icons and relics Keizan strove to use these visions of power to buttress his influence as a patriarch To reveal the historical institutional ritual and visionary elements in Keizan s life and thought and to compare these to Soto doctrine Faure draws on largely neglected texts particularly the Record of Tokoku a chronicle that begins with Keizan s account of the origins of the first of the monasteries that he established and the kirigami or secret initiation documents
