general work inasmuch as they cannot withstand the climate hard living bad roads and rough usage which make up the conditions of a horse's life in the Colony In past years before the present war large numbers of English horses have been sent to Natal for military service but the results were not satisfactory all became useless and the large majority died the change from English stables and English methods of management to those in vogue in the Colony almost invariably proved fatal About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
