Price of Honor Jan Goodwin, 2002-12-31 A NEW YORK TIMES NOTABLE BOOK Explains powerfully how Muslim women are affected by the rise of fundamentalism Dan Rather In recent years the expanding movement of militant Islam has changed the way millions think behave dress and live but nowhere has its impact been more powerfully felt than in its dramatic often devastating effect on the lives of women Award winning journalist Jan Goodwin traveled through ten Islamic countries and interviewed hundreds of Muslim women from professionals to peasants from

royalty to rebels The result is an unforgettable journey into a world where women are confined isolated even killed for the sake of a code of honor created and zealously enforced by men Price of Honor brings to life a world in which women have become pawns in a bitter power game and gives readers a provocative look inside Muslim society today in their own words

Jewish Child Soldiers in the Bloodlands of Europe David M. Rosen,2022-03-03 This book is about the experiences of Jewish children who were members of armed partisan groups in Eastern Europe during World War II and the Holocaust It describes and analyze the role of children as activists agents and decision makers in a situation of extraordinary danger and stress The children in this book were hunted like prey and ran for their lives They survived by fleeing into the forest and swamps of Eastern Europe and joining anti German partisan groups The vast majority of these children were teenagers between ages 11 and 18 although some were younger They were by any definition child soldiers and that is the reason they lived to tell their tales The book will be of interest to general and academic audiences There is also great interest in children and childhood across disciplines of history and the social sciences It is likely to spark considerable debate and interest since its argument runs counter to the generally accepted wisdom that child soldiers must first and foremost be seen as victims of their recruiters The argument of this book is that time place and context play a key role in our understanding of children s involvement in war and that in some contexts children under arms must be seen as exercising an inherent right of self defense
