South African Army Selection For 2015:

Military Psychology for Africa Gideon Van Dyk, 2016-03-17 Military Psychology for Africa is the first textbook of its kind from Africa. Selected authors with competent military psychology knowledge, skills, expertise, and experience each contributed a chapter to this unique book. The book empowers academics, students, and military fellows to apply this knowledge at academic institutions and military units during operations and in presenting short courses. The book will also equip soldiers with new knowledge for advancing peace on the continent and abroad. *Private Military and Security Contractors* Gary Schaub, Jr., Ryan Kelly, 2016-06-16 In *Private Military and Security Contractors*, PMSCs, a multinational team of scholars and experts address a developing phenomenon: controlling the use of privatized force by states in international politics. Robust analyses of the evolving multi-layered tapestry of formal and informal mechanisms of control address the microfoundations of the market, such as the social and role identities of contract employees, their acceptance by military personnel, and potential tensions between them. The extent and willingness of key states—South Africa, the United States, Canada, the United Kingdom, and Israel—to monitor and enforce discipline to structure their contractual relations with PMSCs on land and at sea is examined, as is the ability of the industry to regulate itself. Also discussed is the nascent international legal regime to reinforce state and industry efforts to encourage effective practices, punish inappropriate behavior, and shape the market to minimize the hazards of loosening states' oligopolistic control over the means of legitimate organized violence. The volume presents a theoretically informed synthesis of micro and macro levels of analysis, offering new insights into the challenges of controlling the agents of organized violence used by states for scholars and practitioners alike. **Pornography and Genocide** Thomas Trzyna, 2019-06-14 One out of every thirty-five women born is killed for cultural or sexual reasons. In the twentieth century, more women were killed for those reasons than all the people who died in wars. Women everywhere live in the higher stages of Gregory Stanton's eight-stage genocide scale. Pornography contributes to the peril, whether in the form of battlefield rape films, the rape chants of frat boys, or the massive distribution of violent images on the web and through other media. The United Nations definition of genocide must be changed to recognize women as a targeted group. *Pornography and Genocide* pulls together the evidence from legal scholars and a myriad of contemporary studies and news accounts from around the world. It is time to face the war against women. *Victims of Crime Survey Statistics South Africa*, 2015 **Canadian Almanac & Directory, 2015** Tannys Williams, 2014-10 The Canadian Almanac Directory is the most complete source of Canadian information available: cultural, professional, and financial institutions; legislative, governmental, judicial, and educational organizations; Canada's authoritative sourcebook for all. **Jane's Defence Contracts**, 1996 **Defence Journal**, 1999-07 **The Farmer's Weekly**, 1928 Defence Industry Report, 1998 Palmers' Index to the Times Newspaper, 1897 **Commonwealth Yearbook** Nexus Strategic Publishers, 2015-09-15 The Commonwealth Yearbook is the flagship annual publication of the Commonwealth Secretariat with this special anniversary.
