Take It Really Seriously Revolutionary Insight Into Jokes:

Take It Really Seriously Osho,1998 **Take it Seriously** Osho,1998-01-01 **Science and Beyond** Rolf Sattler,2021-06-22 Science coupled with technology has become the dominant force in most parts of the world Thus it affects our lives and society in many ways Yet misconceptions about science are widespread in governments the general public and even among many scientists Science and Beyond explores these misconceptions that may have grave and even disastrous consequences for individuals and society as was evident during the COVID 19 pandemic where they led to much unnecessary suffering sickness and death The misconceptions also obscure the limitations of science Not seeing these limitations prevents us from seeing and going beyond them which leads to a crippled life and an impoverished society But reaching beyond the limitations of science as outlined in this book can open the doors to a more fulfilled saner healthier happier and more peaceful life and society **Feminism and the Religious Significance of Laughing Bodies** Nicole Graham,2024-06-03 This book identifies the significance of the body through a feminist reconceptualisation of laughter as a means of insight It positions itself within the emerging scholarship on religion and humour but distinguishes itself by moving away from the emphasis on humour and instead focuses on the place and role of laughter Through a feminist reading of laughter which is grounded in the philosophical and psychological works of William James this book emphasises the importance of the body to offer an exploration of laughter as a means of insight In doing so it challenges the classificatory orders of knowledge by recognising and arguing for the value of the body in the creation of knowledge and understanding To demonstrate the centrality of the body for insight laughter and thus the creation of knowledge this book engages with laughter within three thematic areas religious experience gendered experiences of laughter and the ethics of laughter This book will be of interest to students and researchers in religious studies theology gender studies humour studies philosophy and the history of ideas **The British National Bibliography** Arthur James Wells,2000 **Essays on the arts and sciences** Miloslav Rechcigl,2019-02-01 To celebrate the 270th anniversary of the De Gruyter publishing house the company is providing permanent open access to 270 selected treasures from the De Gruyter Book Archive Titles will be made available to anyone anywhere at any time that might be interested The DGBA project seeks to digitize the entire backlist of titles published since 1749 to ensure that future generations have digital access to the high quality primary sources that De Gruyter has published over the centuries **Diasporic Avant-Gardes** C. Noland,B. Watten,2016-04-30 Diasporic Avant Gardes draws into dialogue two differing traditions of poetic practice the diasporic and the avant garde This interdisciplinary collection examines the unacknowledged affinities and crucial differences between avant garde and diasporic formal strategies and social formations The essays foreground the creation of experimental forms and investigate the specific contexts of cultural displacement and language use that inform their poetics **Lesarten** Alexander Schwarz,1990 Modern literature has been treated using a variety of different methods and no one would question the necessity of methodic approach With regard to

medieval literature the subject of Lesarten this seems to be less obvious The main thesis of Lesarten is however that methodological explicitness plays an even bigger role in the study of medieval texts because here we are investigating a distant culture whose native readers we cannot interview Lesarten is a collection of papers by American Canadian and Swiss scholars on semiotic pragmatic post structuralist psychoanalytic feminist and new historicist ways to read texts including Parzival Sir Launfal Le Roman de la Rose as well as poems by Guillaume d Aquitaine or Oswald von Wolkenstein

Rhetorics of Resistance Bryan Trabold, 2018-10-24 The period of apartheid was a perilous time in South Africa's history This book examines the tactics of resistance developed by those working for the Weekly Mail and New Nation two opposition newspapers published in South Africa in the mid and late 1980s The government in an attempt to crack down on the massive political resistance sweeping the country had imposed martial law and imposed even greater restrictions on the press Bryan Trabold examines the writing legal and political strategies developed by those working for these newspapers to challenge the censorship restrictions as much as possible without getting banned Despite the many steps taken by the government to silence them including detaining the editor of New Nation for two years and temporarily closing both newspapers the Weekly Mail and New Nation not only continued to publish but actually increased their circulations and obtained strong domestic and international support New Nation ceased publication in 1994 after South Africa made the transition to democracy but the Weekly Mail now the Mail Guardian continues to publish and remains one of South Africa's most respected newspapers

Poetry, Politics, and the Body in Rimbaud Robert St. Clair, 2018-08-30 Bodies abound in Rimbaud's poetry in a way that is nearly unprecedented in the nineteenth century poetic canon lazy creative rule breaking bodies queer bodies marginalized and impoverished bodies revolting and revolutionary historical bodies The question that Poetry Politics and the Body seeks to answer is What does this corporeal density mean for reading Rimbaud What kind of sense are we to make of this omnipresence of the body in the Rimbaudian corpus from first to last from the earliest poems in verse celebrating the sheer simple delight of running away from wherever one is and stretching one's legs out under a table to the ultimate flight away from poetry itself In response this book argues that the body appears often literally as a kind of gap breach or aperture through which Rimbaud's poems enter into contact with history and a larger body of other texts Simply put the body is privileged lyrical material for Rimbaud a figure for human beings in their exposed finite creatureliness and in their unpredictable agency and interconnectedness Its presence in the early work allows us not only to contemplate what a strange sensuous thing it is to be embodied to be both singular and part of a collective it also allows the poet to diagnose and the reader to perceive a set of seemingly intractable real socio economic political and symbolic problems Rimbaud's bodies are in other words utopian bodies sites where the historical and the lyrical the ideal and the material do not so much cancel each other out as become caught up in one another The Athenaeum, 1920 *The Contact Paradox* Keith Cooper, 2019-10-31 What will happen if perhaps when humanity makes contact with another civilisation on a different planet

In 1974 a message was beamed towards the stars by the giant Arecibo telescope in Puerto Rico a brief blast of radio waves designed to alert extraterrestrial civilisations to our existence Of course we don't know if such civilisations really exist For the past six decades a small cadre of researchers have been on a quest to find out as part of SETI the search for extraterrestrial intelligence So far SETI has found no evidence of extraterrestrial life but with more than a hundred billion stars in our Galaxy alone to search the odds of quick success are stacked against us The silence from the stars is prompting some researchers to transmit more messages into space in an effort to provoke a response from any civilisations out there that might otherwise be staying quiet However the act of transmitting raises troubling questions about the process of contact In *The Contact Paradox* author Keith Cooper looks at how far SETI has come since its modest beginnings and where it is going by speaking to the leading names in the field and beyond SETI forces us to confront our nature in a way that we seldom have before where did we come from where are we going and who are we in the cosmic context of things This book considers the assumptions that we make in our search for extraterrestrial life and explores how those assumptions can teach us about ourselves

Athenaeum James Silk Buckingham, John Sterling, Frederick Denison Maurice, Henry Stebbing, Charles Wentworth Dilke, Thomas Kibble Hervey, William Hepworth Dixon, Norman Maccoll, Vernon Horace Rendall, John Middleton Murry, 1920 The New York Times Book Review, 1970 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback The Academy, 1905 The Advocate, 2001-08-14 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States

Academy; a Weekly Review of Literature, Learning, Science and Art, 1906 The Poetical gazette the official organ of the Poetry society and a review of poetical affairs nos 4 7 issued as supplements to the Academy v 79 Oct 15 Nov 5 Dec 3 and 31 1910 Academy and Literature Charles Edward Cutts Birch Appleton, Charles Edward Doble, James Sutherland Cotton, Charles Lewis Hind, William Teignmouth Shore, Alfred Bruce Douglas, Ellis Ashmead-Bartlett, Thomas William Hodgson Crosland, 1906 *The New Student* Amy S.
