Intra-Africa Migrations Innocent Moyo, Jussi P. Laine, Christopher Changwe Nshimbi, 2021-02-21 This book discusses regional and continental integration in Africa by examining the management of migration across the continent. It examines borders and securitisation of migration and the challenges and opportunities that arise out of reconfigured continental demographics. The book offers insights on intra Africa migrations and highlights how intra continental migration creates socio economic and cultural borders. It explores how these borders beyond the physical boundaries of states including the Berlin Conference constructed borders create cultural divides challenges for economic integration and cross border security and irregular migration patterns. While the movement of economic goods is valued for regional economic integration the mobility of people is seen as a threat. This approach to migration contradicts the intentions of true integration and development and triggers negative responses such as xenophobia that cannot be addressed by simply managing the physical border and allowing free movement. This book engages in a pivotal discussion of these issues which are hitherto missing in African border studies by demonstrating the ubiquity and overreaching influence of various kinds of borders on the African continent. With multidisciplinary contributions that provide an in depth understanding of intra Africa migrations and strategies for enhanced migration management this book will be a useful resource for scholars and students studying geography politics security studies development studies African studies and sociology. Truth, Justice and Reconciliation in Colombia Fabio Andres Diaz Pabon, 2018-05-11 The signing of the peace agreements between the FARC EP and the Colombian Government in late November 2016 has generated new prospects for peace in Colombia opening the possibility of redressing the harm inflicted on Colombians by Colombians. Talking about peace and transitional justice requires us to think about how to operationalize peace agreements to promote justice and coexistence for peace. This volume brings together reflections by Colombian academics and practitioners alongside pieces provided by researchers and practitioners in other countries where transitional justice initiatives have taken place Bosnia and Herzegovina South Africa Sri Lanka and Peru. This volume has been written in the south by the south for the south. The book engages with the challenges ahead for the coming generations of Colombians. Rivers of ink have dealt with the end goals of transitional justice but victims require us to take the quest for human rights beyond the normative realm of theorizing justice and into the practical realm of engaging how to implement justice initiatives. The tension between theory the legislative frameworks guaranteeing human rights and practice the realization of these ideas will frame Colombia's success or failure in consolidating the implementation of the peace agreements with the FARC EP. *Counter-Insurgency in Nigeria* Akali Omeni, 2017-09-08 This book offers a detailed examination of the counter insurgency operations undertaken by the Nigerian military against Boko Haram between 2011 and 2017. Based on extensive fieldwork conducted with military units in Nigeria Counter Insurgency in Nigeria has two main aims. First it seeks to provide an understanding of the Nigerian military's internal role a role that today as a result of internal

threats pivots towards counter insurgency The book illustrates how organizational culture historical experience institutions and doctrine are critical to understanding the Nigerian military and its attitudes and actions against the threat of civil disobedience today and in the past The second aim of the book is to examine the Nigerian military campaign against Boko Haram insurgents specifically plans and operations between June 2011 and April 2017 Within this second theme emphasis is placed on the idea of battlefield innovation and the reorganization within the Nigerian military since 2013 as the Nigerian Army and Air Force recalibrated themselves for COIN warfare A certain mystique has surrounded the technicalities of COIN operations by the Army against Boko Haram and this book aims to disperse that veil of secrecy Furthermore the work s analysis of the air force s role in counter insurgency is unprecedented within the literature on military warfare in Nigeria This book will be of great interest to students of military studies counter insurgency counter terrorism African politics and security studies in general

Military Assistance on Request and the Use of Force Erika De Wet,2020-03-26 In countries such as Syria Iraq South Sudan and Yemen internationally recognized governments embroiled in protracted armed conflicts and with very little control over their territory have requested direct military assistance from other states These requests are often accepted by the other states despite the circumvention of the United Nations Security Council and extensive violation of international humanitarian law and human rights In this book Erika De Wet examines the authority entitled to extend a request for or consent to direct military assistance as well as the type of situations during which such assistance may be requested notably whether it may be requested during a civil war Ultimately De Wet addresses the question of if and to what extent the proliferation of military assistance on the request of a recognized government is changing the rules in international law applying to the use of force
