Rely,2021-07-20 Since 2000 more than 150 journalists have been killed in Mexico Today the country is one of the most dangerous in the world in which to be a reporter In *Surviving Mexico* Celeste Gonz lez de Bustamante and Jeannine E Rely examine the networks of political power business interests and organized crime that threaten and attack Mexican journalists who forge ahead despite the risks Amid the crackdown on drug cartels overall violence in Mexico has increased and journalists covering the conflict have grown more vulnerable But it is not just criminal groups that want reporters out of the way Government forces also attack journalists in order to shield corrupt authorities and the very criminals they are supposed to be fighting Meanwhile some news organizations enriched by their ties to corrupt government officials and criminal groups fail to support their employees In some cases journalists must wait for a green light to publish not from their editors but from organized crime groups Despite seemingly insurmountable constraints journalists have turned to one another and to their communities to resist pressures and create their own networks of resilience Drawing on a decade of rigorous research in Mexico Gonz lez de Bustamante and Rely explain how journalists have become their own activists and how they hold those in power accountable **Current Awareness in Health Education** ,1980-07 *The Trickle-Down Delusion* John Seip,Dee Wood Harper,2016-05-02 From inside the book Since 1980 the economy has been growing and productivity has been growing but trickle down values that we the American people promote pursuant to the Republican Party s conservative ideology have rigged the economy to continuously upwardly redistribute those revenues attributable to our increased productivity yielding a productivity wage disconnect resulting in increased concentration of income and wealth at the top in corporations and among older Americans beneficiaries of income from Social Security pensions and investments and continuing income due to delaying retirement and the lowest percentage of GDP attributable to wages and highest attributable to profits since World War II But trickle down has not only distorted our economic thought

it has also distorted our political thought our sociology and our concept of the rule of law The result has been that the trickle down policies promoted by the Republican Party are undermining our economy democracy institutions and health For further discussion contact author at johnjseip gmail com **International Who's Who in Poetry 2004** Europa Publications,2003
