Resources in Education ,1989 Teaching Children and Adolescents with Special Needs Judy L. Olson,Lisa A. Dieker,2008 With collaboration so vital to today s educational arena this thorough well organized highly readable text concentrates on the general process of teaching the basic how to do it to help prospective teachers of children with mild disabilities in grades K 12 learn to work effectively with students other teachers and families Basing coverage on their extensive experience the authors present practical research based teaching strategies that relate to everyday occurrences in schools provide motivating experience based activities and offer numerous detailed lesson plans Their personal conversational writing style makes even complex concepts accessible while their extensive coverage gives readers a solid understanding of what works and what doesn t in both special education classrooms and inclusive settings For future teachers of elementary school students with mild disabilities and learning problems *Teaching Mathematics to Children with Special Needs* Carol A. Thornton,1983 **Early Services for Children with Special Needs** Alfred Healy,Barbara Smith,Patricia D. Keesee,1989 *Adapting Early Childhood Curricula for Children with Special Needs* Ruth E. Cook,M. Diane Klein,Annette Tessier,2008 This comprehensive practical book is built on solid theory and evidence based practices from both the fields of Special Education and Early Childhood Education When the first edition was conceived in 1980 the authors encountered students who either had a strong special education background or a strong early childhood child development background Each group had a lot to learn from the other and a lot to contribute to the other The original purpose was to bring together the best from both fields into Early Childhood Special Education The book continues to take a practical activity based approach that is theoretically sound and current It also provides ample detail related to specific intervention strategies that enhance the effective use of embedded learning opportunities within daily curriculum activities and routines Its relatively jargon free readable approach that is built on evidence based practices make it appropriate for a wide range of readers The illustrations of techniques and strategies throughout make it sustainable as a resource It has always encouraged a family centered inclusive approach to working with young children with special needs and their families
