Lovecraft: Tales of Terror H. P. Lovecraft, 2016-11 **At the Mountains of Madness** H. P. often indirect The Short Stories of HP Lovecraft, Volume 1 Hp Lovecraft,2012-12-19 The short story is often viewed as an inferior relation to the Novel But it is an art in itself To take a story and distil its essence into fewer pages while keeping character and plot rounded and driven is not an easy task Many try and many fail In this series we look at short stories from many of our most accomplished writers Miniature masterpieces with a lot to say In this volume we examine some of the short stories of HP Lovecraft There are rather few masters of horror writing out of the many who write horror HP Lovecraft along with Edgar Allan Poe have achieved fame because their work is of a standard of excellence that few if any can rival Here we concentrate on HP Lovecraft even the name has a sliver of the night about it Born in 1890 in Providence Rhode Island he was a prodigious youth but a sickly one Raised mainly by his Grandfather and Aunts at 14 he contemplated suicide on the death of his grandfather and the crushing financial blow that brought to himself and his mother A set of literary spats in a newspaper brought him attention away from his poetry writings But until the last decade of his life the works for which we is so well know did not arrive That last decade writing again in Providence was prolific but with little income his life downgraded rented house by rented house and in 1936 often malnourished he was diagnosed with cancer and succumbed to it the following year Many of the stories are also available as an audiobook from our sister company Word Of Mouth Many samples are at our youtube channel <http://www.youtube.com/user/PortablePoetry> feature mhee The full volume can be purchased from iTunes Amazon and other digital stores Among the readers are Richard Mitchley and Ghizela Rowe Index Of Stories Re Animator The Lurking Fear The Thing On The Doorstep The Call Of Cthulhu **The Essays of H. P. Lovecraft** H. P. Lovecraft,2016-09-13 H P Lovecraft was an American author best known for his classic horror fiction Lovecraft was virtually an unknown writer during his short lifetime but he is now considered to be one of the most famous writers in the genre of horror fiction Among Lovecraft s best known works are The Call of Cthulhu At the Mountains of Madness and The Shadow Out of Time This collection includes the following essays Supernatural Horror in LiteratureNotes on Writing Weird FictionA History o fthe NecronomiconMetrical RegularityThe Allowable RhymeThe Despised PastoralAt the RootCats and Dogs H. P. Lovecraft's at the Mountains of Madness ANNOTATED Howard Phillips Lovecraft,2021-04-05 At the Mountains of Madness novella by H P Lovecraft written in 1931 rejected for magazine publication in Weird Tales not least because of its length and then serially published in Astounding Stories in 1936 H P Lovecraft s most effective novel begins as a tale of exploration at the cutting edge of science Airplanes and drilling devices are shipped to Antarctica in 1930 just as the mapping of the continent begins in earnest But this awful place more ancient than any other continent is not so easily opened up to materialist exploitation Soon enough an entirely new history of the world is in evidence one that undermines all previously held views of science and nature a vision that contains vast alien cities buried beneath the ice and the awesome and awful survivors of its heyday The positive and efficient first person narrative of the geologist Dr William Dyer patiently and didactically explains the wonders of new technology Only when the first survey group isolated by a storm begins to radio

back of highly unusual finds in a cavern beneath the surface do events begin to unravel From then on Dyer and his companion the student Danforth are on a downward spiral of discovery that attacks every notion of time space and life until Danforth s speech is reduced to disconnected fragments recalled only in dreams Deeply influenced by Poe Lovecraft s horror tends to be implied and offstage but this effectively deepens the abounding philosophical horror felt by the protagonists This intriguing blend of gothic horror and lost world scenarios within a more modern genre framework can be rediscovered in many contemporary narratives especially film Lovecraft achieved little success in his lifetime but his work resonates with themes that consistently inspire later generations of writers science fiction as much as horror Largely due to his Cthulhu stories called Cthulhu Mythos by August Derleth Lovecraft is today the subject of a large cult following

HP Lovecraft - A History in Horror - Volume 1 H P Lovecraft, 2014-05-08 There are rather few masters of horror writing out of the many who write horror HP Lovecraft along with Edgar Allan Poe have achieved fame because their work is of a continuing standard of excellence that few if any can rival Here we concentrate on HP Lovecraft even the name has a sliver of the night about it Born in 1890 in Providence Rhode Island he was a prodigious youth but a sickly one Raised mainly by his Grandfather and Aunts at 14 he contemplated suicide on the death of his grandfather and the crushing financial blow that that brought to himself and his mother A set of literary spats in a newspaper brought him attention away from his poetry writings But until the last decade of his life the works for which we is so well know did not arrive That last decade writing again in Providence was prolific but with little income his life downgraded rented house by rented house and in 1936 often malnourished he was diagnosed with cancer and succumbed to it the following year The works from his dark pen continue to haunt us

H.P. Lovecraft - The Complete Omnibus Collection - Supplement a H P. JOHN LOVECRAFT (FINN J D.), Finn J D John, 2017-10-31 This supplement to the two volume Pulp Lit Omnibus Collection of the work of H P Lovecraft presents all the works of weird fiction which he ghostwrote or on which he collaborated with another author Highlights of this volume include Under the Pyramids with Harry Houdini The Mound with Zealia Bishop Two Black Bottles with Wilfred Blanch Talman The Horror in the Burying Ground with Hazel Heald The Disinterment with Duane W Rimel The Night Ocean with Robert Barlow In the Walls of Eryx with Kenneth J Sterling The Electric Executioner with Adolphe de Castro The Diary of Alonzo Typer with William Lumley And over 20 more Although none of them rise to the level of quality of Lovecraft s own by lined work the majority of these collaborations are still wonderful stories They have a real contribution to make to the meta story of Lovecraft s creative life and they reveal aspects to Lovecraft s personality and especially his sense of humor that his more serious works seldom allow us to glimpse The reason for this is easily understood When writing or revising a story for another writer Lovecraft was able to fully relax He knew or thought he knew that these stories would not affect his reputation as a literary figure his name was not on them So the terrible tension that dogged him throughout his literary life the tension that kept him in a state of virtual creative paralysis for the last several years of his life fell away like an old cloak

and his real style his relaxed chatting with friends style was able to shine through In these collaborative stories we get to see glimpses of Lovecraft's wry humor kindly and benevolent but edged with a gently sardonic erudition We also get to roll in the kind of over the top campiness that one just doesn't see in most of his bylined stuff after Herbert West Reanimator that is to the point where one wonders if he's secretly engaging in a little self-parody One of the reasons Lovecraft's output was so scant was that his almost obsessive perfectionism and severe self-criticism kept him diligently polishing and perfecting his own stories long past the point at which it made sense to continue doing so This he could certainly not afford to do in a work for hire job that would pay him only 15 or 20 So in these anonymized stories we get to see Lovecraft's work as it might have appeared in his second or third drafts rough sometimes unsubtle often crammed with all too familiar buzzwords like eldritch and cyclopean yet eminently fundamentally and wonderfully Lovecraftian

HP Lovecraft - A History in Horror -

Volume 6 H P Lovecraft, 2014-05-08 There are rather few masters of horror writing out of the many who write horror HP Lovecraft along with Edgar Allan Poe have achieved fame because their work is of a continuing standard of excellence that few if any can rival Here we concentrate on HP Lovecraft even the name has a sliver of the night about it Born in 1890 in Providence Rhode Island he was a prodigious youth but a sickly one Raised mainly by his Grandfather and Aunts at 14 he contemplated suicide on the death of his grandfather and the crushing financial blow that that brought to himself and his mother A set of literary spats in a newspaper brought him attention away from his poetry writings But until the last decade of his life the works for which we are so well known did not arrive That last decade writing again in Providence was prolific but with little income his life downgraded rented house by rented house and in 1936 often malnourished he was diagnosed with cancer and succumbed to it the following year The works from his dark pen continue to haunt us *The Secret Life of H. P. Lovecraft* H. P. Lovecraft, 2015-07-17 In this harrowing confession H P Lovecraft reveals the genesis of his Cthulhu mythos in all its striking detail From such standards as Dagon and Herbert West Reanimator up through such classics as The Call of Cthulhu and At the Mountains of Madness the master storyteller sheds light on his dark inspirations and the backgrounds thereof Will you accept his invitation Are you a searcher like I was I wonder A student of dream and myth Of histories archaic Do you have a love of the night sky The ancient ruin The unquiet grave Are you discontented with a world dissected by science nailed down by theories and figures bled of possibility If so then perhaps you are fated to know the truth I feel it is my duty to warn you however your life will be forever altered by the reading of this account From here there is no turning back You will have tapped into a new current cursed and blessed both to see the world behind the world or rather the world for what it truly is Do you dare to explore the unplumbed atavistic depths of the buried mind To return to a more base superstitious form of consciousness To look upon the night sky with new eyes and see it not as dead end but rather as doorstep Should you be so inclined I recommend you steel yourself for what lies beyond Be forewarned **Dagon** Howard Phillips Lovecraft, 2014-12-13 Dagon is a short story by H P Lovecraft written in July 1917 one of the first stories he wrote as

an adult It was first published in the November 1919 edition of The Vagrant issue 11 After reading Lovecraft's juvenilia in 1917 W Paul Cook editor of the amateur press journal The Vagrant encouraged Lovecraft to resume writing fiction That summer Lovecraft wrote two stories The Tomb and Dagon The story was inspired in part by a dream he had I dreamed that whole hideous crawl and can yet feel the ooze sucking me down he later wrote Critic William Fulwiler indicates that Lovecraft may have been influenced by Irvin S Cobb's Fishhead a story about a strange fish like human Fulwiler has also suggested that Lovecraft took the story's theme of an ancient prehuman race that will someday rise to conquer humanity from Edgar Rice Burroughs At the Earth's Core 1914 The story mentions Piltdown Man which had not been exposed by the scientific community as a fraud and hoax at the time of writing As to the name of the story Lovecraft seems to be referring to the ancient Sumerian god named Dagon who is the fertility god of grains and fish because in the story the main character makes inquiries regarding the ancient Philistine legend of Dagon the Fish God The Sumerian deity is sometimes depicted as being part fish or simply wearing a fish Since Lovecraft was fond of references to actual archaeological discoveries in his writings from time to time he may have come across this ancient god and decided to use it for some vague inspiration Howard Phillips Lovecraft August 20 1890 March 15 1937 known as H P Lovecraft was an American author who achieved posthumous fame through his influential works of horror fiction Virtually unknown and only published in pulp magazines before he died in poverty he is now regarded as one of the most significant 20th century authors in his genre Lovecraft was born in Providence Rhode Island where he spent most of his life His father was confined to a mental institution when Lovecraft was three years old His grandfather a wealthy businessman enjoyed storytelling and was an early influence Intellectually precocious but sensitive Lovecraft began composing rudimentary horror tales by the age of eight but suffered from overwhelming feelings of anxiety He encountered problems with classmates in school and was kept at home by his highly strung and overbearing mother for illnesses that may have been psychosomatic In high school Lovecraft was able to better connect with his peers and form friendships He also involved neighborhood children in elaborate make believe projects only regretfully ceasing the activity at seventeen years old Despite leaving school in 1908 without graduating he found mathematics particularly difficult Lovecraft had developed a formidable knowledge of his favored subjects such as history linguistics chemistry and astronomy
