Eritrea as a refugee Over the months that followed young Emmanuel went on a harrowing journey often spending weeks on the streets and facing many dangers Relying on the generosity of strangers he made the long journey south to South Africa via Ethiopia Kenya Tanzania Mozambique and Zimbabwe travelling mostly by bus and on foot When he reached Johannesburg 18 months after fleeing Sudan he was determined to resume his education He managed to complete his schooling with the help of Catholic missionaries and entered medical school qualifying as a doctor and eventually specialising in pulmonology Emmanuel s skills and dedication as a physician and his stubborn refusal to be discouraged by setbacks led to an important discovery in the treatment of hypoxaemic COVID 19 patients By never giving up this son of South Sudan has risen above extreme poverty racism and xenophobia to become a South African and African legend This is his story

Marriages of Inconvenience Susan Booysen,2021-12-12 Marriages of Inconvenience The politics of coalitions in South Africa is a research based volume that collates and interprets lessons that South Africa should take to heart in managing interparty coalitions It draws from domestic experiences as well as from case studies on the rest of the African continent and generic instances further afield Coalitions in various iterations have been a part of the South African polity since the attainment of democracy in 1994 This started nationally with a grand coalition in the form of a Government of National Unity as mandated in the interim constitution Coalitions have also found expression in some of the country s provinces After the transition multiparty governments were sustained at national and provincial levels either as a matter of necessity due to election outcomes or for other political considerations At local government level coalitions have been relatively commonplace in South Africa from the onset of democratically elected municipalities in 2000 with many situations where no single party attained an absolute majority This gained prominence from 2016 when many metropolitan governments and some large towns became sites of coalition politics FCS Principles of Criminal Justice L2 ,2008 *The Burglar in the Bin Bag* Arthur Goldstuck,2012-10-01 Arthur Goldstuck South Africa s urban legends guru returns with a definitive guide to the hoaxes and rumours that have terrified and confused South Africans over the last twenty years Why did an estimated 10 000 South Africans go on holiday to Zimbabwe in April 1994 Who exactly decided that needles covered in AIDS infected blood were being left on cinema seats in Cape Town in 1999 How did it come to be reported in several reputable newspapers that the South African government was considering cancelling Christmas in August 2004 Whatever happened to the tornado that was supposed to descend on Johannesburg and Pretoria to devastating effect on 8 October 2007 Did the 100 000 women and children set to be trafficked into South Africa for the 2010 World Cup actually arrive Have you ever cleared your driveway of colour coded rubbish held back from flashing your lights at someone for fear of becoming a victim of a gang initiation rite or forwarded an email about child abduction to your friends and family If so have you ever wondered about the origins of these warnings In this new book Arthur Goldstuck not only traces the evolution of these urban legends but also digs deep into the human psyche to explain why it is that we are drawn into believing and passing on these warnings even when

incontrovertible proof exists that they are false **Gaffney's Local Government in South Africa** ,2009 History of South Africa Thula Simpson,2022-08-04 South Africa was born in war has been cursed by crises and ruptures and today stands on a precipice once again This book explores the country s tumultuous journey from the Second Anglo Boer War to 2021 Drawing on diaries letters oral testimony and diplomatic reports Thula Simpson follows the South African people through the battles elections repression resistance strikes insurrections massacres crashes and epidemics that have shaped the nation Tracking South Africa s path from colony to Union and from apartheid to democracy Simpson documents the influence of key figures including Jan Smuts Nelson Mandela Steve Biko P W Botha Thabo Mbeki and Cyril Ramaphosa He offers detailed accounts of watershed events like the 1922 Rand Revolt the Defiance Campaign Sharpeville the Soweto uprising and the Marikana massacre He sheds light on the roles of Gandhi Churchill Castro and Thatcher and explores the impact of the World Wars the armed struggle and the Border War Simpson s history charts the post apartheid transition and the phases of ANC rule from Rainbow Nation to transformation state capture to New Dawn Along the way it reveals the divisions and solidarities of sport the nation s economic travails and painful pandemics from the Spanish flu to AIDS and Covid 19 Anatomy of State Capture Nina Callaghan,Robyn Foley,Mark Swilling,2021-11-26 Following the release of the Public Protector s State of Capture Report in November 2016 South Africans have been witness to an explosion of almost daily revelations of corruption mismanagement and abuses by those entrusted to lead the nation The extent of this betrayal is overwhelming and it is often difficult to distil what actually happened during the Zuma administration This book draws on the insights and expertise of 19 contributors from various sectors and disciplines to provide an account of what transpired at strategic sites of the state capture project The ongoing threat of state capture demands a response that probes beyond what happened to understanding how it was allowed to happen The stubborn culture of corruption and misgovernance continue to manifest unabated and the predatory practices which enable state capture have not yet been disrupted It is our hope that the various case studies and analyses presented in this book will contribute to confronting these shortcomings in current discourse and open avenues for progressive deliberation on how to collectively reclaim the prospects of a just and prosperous South Africa for all Life Outside The Land of My Birth Gideon M. Mahlangu,2022-02-09 Wounds that cannot be seen are the most of severe pain compared to those of an eye witness as it is not easy for one to realise that they need medical treatment to cure This book is based on a true life story of Samson Olayiwola Kolawoles who long held the belief that there are better and brighter future prospects ahead of him in South Africa the land that was not of his birth His believe on his future prospects analysis relied mainly on his commitment dedication but above all on the Creator the universe The genesis of his long held belief emanates from the principle A good head and a good heart are at all times of life a powerful and formidable conquering force The publications narration of a life journey provides human intelligence with an insight that as human beings through the unavoidable natural process of life one inadvertently incurs many obligations The truth is that

naturally as human beings irrespective of the land of our birth we are born in possession of life obligations and as one grows they accumulate Hence it is important for human beings including Africans to have tranquil relations so that no one can say African parents have committed the biggest debt or sin for giving birth to any African soul The strong belief in African morals values convictions and principles played a great role in the writing of this book One of the principles is that there are many things that one can do to build and take care of planet earth of Africa in particular in this instance Whether we know it or not there are human beings on planet earth who have the potential to destroy it The life journey of the main character motivated the author to feel responsible for doing what is humanly correct and compelling morally which was to devise a means of contributing in reducing the potential of those who are highly committed to destroying the African motherland Above all the trials tribulations and triumphs of the main character inspired the author to write this book The primary aim of the author is to see him self playing a pivotal role in educating imparting and sharing knowledge and information amongst African humanity and the entire world as a part of the contribution to saving the other part of planet earth namely Africa which is important The events of the life journey of the main character have undoubtedly proved how the African world could be destroyed to the point where ultimately there would be no tolerance and no support to each other socially politically or economically as Africans Certainly there is and there will be no other relevant time for Africans to ask that to one another when such happens The underlying question becomes why should we as Africans always allow ourselves to be viewed by the outside world as the people who are incapable of caring of their rich soil and for themselves Is this a curse and you believing so then Africans just accept that you do not belong to Africa but where they belong is nowhere Africans your appearance does not occur to yourselves as being individuals from various African countries but it presents a collective African picture That is why it is imperative to have a good picture about Africa and its people collectively Realise that as people we are viewed in comparison to the behaviour and appearance of others Africans you need to be worthy of trust to one another If there is no confidence and reliability to one another then Africa you are at risk of collapsing The end result is that you will become the advocates and champions of the African pessimism and colonial system of special type agenda

Police Integrity in South Africa Sanja Kutnjak Ivkovich, Adri Sauerman, 2020-04-29 Policing in South Africa has gained notoriety through its extensive history of oppressive law enforcement In 1994 as the country's apartheid system was replaced with a democratic order the new government faced the significant challenge of transforming the South African police force into a democratic police agency the South African Police Service SAPS that would provide unbiased policing to all the country's people More than two decades since the initiation of the reforms it appears that the SAPS has rapidly developed a reputation as a police agency beset by challenges to its integrity This book offers a unique perspective by providing in depth analyses of police integrity in South Africa It is a case study that systematically and empirically explores the contours of police integrity in a young democracy Using the organizational theory of police integrity the book analyzes the complex set of historical legal

political social and economic circumstances shaping police integrity A discussion of the theoretical framework is accompanied by the results of a nationwide survey of nearly 900 SAPS officers probing their familiarity with official rules their expectations of discipline within the SAPS and their willingness to report misconduct The book also examines the influence of the respondents race gender and supervisory status on police integrity Written in a clear and direct style this book will appeal to students and scholars of criminology policing sociology political science as well as to police administrators interested in expanding their knowledge about police integrity and enhancing it in their organizations

Clown of the City Stephan de Beer, 2020-11-25 At opening this book everything one has learned or thought about urban ministry is challenged and changed Stephan de Beer offers a fresh exciting and thoroughly engaging approach The title is enticing and playful but the book is a serious grappling with the daunting realities of a shadowed marginalised urban life It does not theorise or pontificate about a concept The author is not a distant neutral observer He is an engaged minister to the people a struggler in their struggles prophet to the powerful This book invites the reader to join the people of the cities under siege by failed policies empty promises and disastrous politics in their struggles for meaningful life and it makes a powerful persuasive case Stephan de Beer has offered us a great gift and a wonderful opportunity to think and hope anew and differently about the life reality and future of the city
