A Death of One's Own Jared Stark, 2018-03-15 To be or not to be who asks this question today and how What does it mean to issue or respond to an appeal for the right to die In *A Death of One's Own* the first sustained literary study of the right to die Jared Stark takes up these timely questions by testing predominant legal understandings of assisted suicide and euthanasia against literary reflections on modern death from the nineteenth and twentieth centuries Rigorously interdisciplinary and lucidly argued Stark's wide ranging discussion sheds critical light on the disquieting bioethical and biopolitical dilemmas raised by contemporary forms of medical technology and legal agency More than a survey or work of advocacy *A Death of One's Own* examines the consequences and limits of the three reasons most often cited for supporting a person's right to die that it is justified as an expression of personal autonomy or self ownership that it constitutes an act of self authorship of choosing a final chapter in one's life and that it enables what has come to be called death with dignity Probing the intersections of law and literature Stark interweaves close discussion of major legal political and philosophical arguments with revealing readings of literary and testimonial texts by writers including Balzac Melville Benjamin and Amory A thought provoking work that will be of interest to those concerned with law and humanities biomedical ethics cultural history and human rights *A Death of One's Own* opens new and suggestive paths for thinking about the history of modern death as well as the unsettled future of the right to die
