New Orleans and on the Louisiana Gulf coast at the end of the 19th century the plot centers on Edna Pontellier and her struggle between her increasingly unorthodox views on femininity and motherhood with the prevailing social attitudes of the turn of the century American South. It is one of the earliest American novels that focuses on women's issues without condescension. It is also widely seen as a landmark work of early feminism generating a mixed reaction from contemporary readers and critics. The novel's blend of realistic narrative, incisive social commentary, and psychological complexity makes *The Awakening* a precursor of American modernist literature; it prefigures the works of American novelists such as William Faulkner and Ernest Hemingway and echoes the works of contemporaries such as Edith Wharton and Henry James. It can also be considered among the first Southern works in a tradition that would culminate with the modern masterpieces of Faulkner, Flannery O'Connor, Eudora Welty, Katherine Anne Porter, and Tennessee Williams.

Awakenings Bernard Koloski, 2009-12. No other American book was so maligned, neglected for so long, and then embraced so quickly and with such enthusiasm as Kate Chopin's 1899 novel *The Awakening*. For the twelve scholars whose essays make up this collection, reading the novel was a life-changing event. *Awakenings* explains how, as graduate students and young college instructors, they carried out some of the basic research, thought through some of the critical approaches, and developed some of the present directions for reading, studying, and teaching *Kate Chopin: A Foundation Narrative* that focuses on what happened a generation ago and why.
