The New World Disorder J. L. Black, Michael Johns, Alanda D. Theriault, 2019-05-02 The new world order as it stood after the apparent end of the Cold War and the collapse of the USSR was greeted with enthusiasm and optimism almost everywhere but especially in the West Less than a quarter century later that optimism has faded dramatically with the rise of populism nationalism religious extremism and civil discord disrupting political and social norms around the world This book reveals the extent to which events that began as internal political crises in Europe the Middle East and the USA have sent ripple effects reaching into all points of the globe The projection of liberal democratic predominance in the 1990s has faded as illiberal governance gains support worldwide Long standing international trade patterns are disrupted perhaps permanently by the weaponization of economic sanctions real and perceived threats of terrorism raise levels of anxiety everywhere and severe new weather patterns inflict floods fires drought and hurricanes on populations unused to such extremes This book describes and analyses many of these phenomena in the hope that better understanding of them may help ameliorate their consequences

L'éthique à la Justice Ernst Wolff, 2007-10-06 Emmanuel Levinas est le philosophe de la non indifférence il n'est en aucune sorte un philosophe indifférent Son inquiétude personnelle et engagement politique ont trouvé une expression philosophique dans une quinzaine de deux versants Dans le versant ontologique il cherche à montrer que même si l'homme est l'élément de compréhension de l'être tout l'homme et toute signification ne se réduisent pas à la compréhension de l'être seul Dans le versant politique il s'interroge sur la possibilité de soumettre la tendance totalitaire de toute politique à une recherche de justice qui ne dépend pas finalement de la politique même Mais ces deux versants ne forment qu'un La découverte d'une signification qui excède la compréhension de l'être l'éthique fournit en même temps la source de renouvellement de la justice Ainsi par cette double question Levinas nous présente les fils conducteurs de notre enquête une signification au-delà de la compréhension de l'être et sa portée éthique que nous appelons langage et que nous explorons dans la perspective de son importance politique Les études analytiques dans lesquelles les notions de politique et de langage fonctionnent comme clef d'interprétation mutuelle débouchent sur une critique centrée sur deux problèmes l'impossibilité d'interpréter la signification de l'autre et le danger inhérent à la conception d'une justice dépassant l'Etat
