In the middle ground, there are several bare, dark trees. Behind them, a small, single-story building with a dark roof is visible. The foreground is a dark, flat field.

Wallander soon discovers that the two grisly crimes are connected. A serial killer is on the loose and the only lead is a photograph of a strange woman no one in Sweden seems to know. Death in a Cold Climate B. Forshaw, 2012-01-11 Barry Forshaw, the UK's principal crime fiction expert, presents a celebration and analysis of the Scandinavian crime genre from Sjöwall and Wahlström's Martin Beck series through Henning Mankell's Wallander to Stieg Larsson's demolition of the Swedish Social Democratic ideal in the publishing phenomenon *The Girl with the Dragon Tattoo*.

Swedish crime fiction Steven Peacock, 2015-11-01 Swedish crime fiction became an international phenomenon in the first decade of the twenty-first century, starting first with novels but then percolating through Swedish language television, serials, and films and onto English language BBC productions and Hollywood remakes. This book looks at the rich history of Scandinavian noir, examines the appeal of this particular genre, and attempts to reveal why it is distinct from the plethora of other crime fictions. Examining the popularity of Stieg Larsson's international success with his Millennium trilogy as well as Henning Mankell's Wallander across the various media, Peacock also tracks some lesser-known novels and television programmes. He illustrates how the bleakness of the country's noirs reflects particular events and cultural and political changes, with the clash of national characteristics becoming a key feature. It will appeal to students and researchers of crime fiction and of film and television studies, as well as the many fans of the novels and dramatic representations.
