Handbook of Handguns Jeffrey Strickland, 2013-04-25 In light of the 2nd Amendment debates shooting may become the national passtime To act responsibly within the 2nd Amendment means knowing how to properly bear arms Knowing involves understanding firearm types firearm operation ammunition internal ballistics and shooting These require training especially shooting Whether you own or plan to own a handgun for recreation competition or self defense training is of the utmost importance When you fire a projectile bullet from a firearm you are responsible for where it goes You need to understand how fast it travels how far it can travel and how accurate your firearm is in delivering the projectile to your intended target Yes bearing arms is a right but not one to be taken lightly Firing a handgun is a grave responsibility and must be done correctly and with a full understanding of all the components that make up shooting *The Theatrical Firearms Handbook* Kevin Inouye, 2014-05-30 The Theatrical Firearms Handbook is the essential guide to navigating the many decisions that are involved in the safe and effective use of firearm props for both the stage and screen This book establishes baseline safety protocol while empowering performers and designers to tell their story of conflict in a way that makes the most of both established convention and current tools of the trade Within these pages are practical instruction couched in the language of theatre and film making firearms technology and concepts approachable to dramatic artists without any dumbing down of the subject material It contains over 100 illustrations This handbook is equally at home within the worlds of academic training professional performance and independent or community theatre and video productions and is an invaluable resource for fight choreographers props designers backstage crew directors actors stage managers and more at all levels of experience

Gun Digest 2004 Ken Ramage, 2003 An illustrated catalog of current firearms and accessories *The Fine Art of Executive Protection* A. Hunsicker, 2007-12 The number of incidents and crimes carried out by terrorists and criminals such as physical threats violent attacks assassinations kidnapping and hostage situations are increasing by the minute worldwide Each incident is a constant and ever demanding challenge to the law enforcement and the personal security professionals in particular A detailed but understandable manual for the Executive Protection Officer is a priority and the answer to those challenging situations The Fine Art of Executive Protection is a detailed but understandable manual for the Executive Protection Officer providing answers to those challenging situations Information about every aspect of executive protection is not only an important part of the professional s training curriculum but plays also a vital role for the client who seeks protection This manual will provide a clear view of all aspects not only for the professional but also for prospect clients To make sure of this all available training and study material individual case studies and real scenarios combined with professional experience served as a foundation for this specialist s manual The Fine Art of Executive Protection in its comprehensive and straight forward form will guide the reader through the diversity of disciplines and skills which are essential for any professional of the executive protection and private security sector This book provides detailed information

and knowledge necessary and indispensable not only for the novice but also for the experienced executive protection professional. It provides the clear knowledge and a thorough understanding of the characteristics, diversity, and demands of this profession. It contains all the essential ingredients necessary for an effective protection planning and successful service demanded by any executive protection specialist. Providing all the tools, techniques, and applications needed for this specific job, it also shall motivate some talents which may need to be developed further and to face not only today's protection needs but also those of the future. The book not only contains detailed professional information for the person seeking a post in the glamorous world of the executive protection business but also provides all the information necessary for those under threat and in need of close protection and a secure environment. A protection seeking client will find detailed information about Executive Protection and Physical Security. Executive or Personal Protection was once considered a service only and exclusive for the rich, famous, and a few selected government officials. But recent events and an increase in violence quickly transformed Executive Protection into a sought after service commodity worldwide. Keeping this in mind, any part of this guide is therefore easily adaptable and adjusted to any region or country in the world. However, one must carefully consider and act within the local laws to assure a successful protection service.
