Kursunogammalu,Stephan L. Mintz,Arnold

Perlmutter,2007-05-08 th The 29 International Conference was held as the first one of the millennium at its Fort Lauderdale venue These conferences began with High Energy Physics being the main topic by introducing gradually cosmology into its programs These proceedings of the 2000 conference reflect the variety of topics and ideas discussed Our future conferences will be designed somewhat akin to the early Coral Gables Conferences where we shall seek some convergence of ideas For this reason various committees have been formed from among the participating physicists The committees and their memberships are listed in these proceedings We further decided for the first time to include some graduate student participants in our future meetings for which also a committee has already been established The topics will demonstrate a more activist structure of the Coral Gables Conferences for example the duality of the gravitational forces and expansion of the universe will be discussed from this point of view since it conveys a convergence to the ideas of quintessence versus the

ordinary theory which are considered as the cause of the expansion of the universe We further wish to announce that the future conferences will assume a collective organization where several committees as listed in these proceedings will have their input into the conference We have now introduced new topics and ideas which referred especially to the attractive and repulsive nature of the gravitational force These proceedings of the conference contain a variety of topics and ideas
