Jobe, 1994 Orthopedic consultants Dr Frank Jobe and Dr Lewis A Yocum pool their knowledge to provide the latest information on golf exercise the secrets to the professionals edge This updated book includes action photos of the notable pros pull out exercise reminder cards tips on avoiding injuries stretching and strengthening exercises and more plus forewords by Tom Kite and Dave Stockton Champion Press *Golf Fitness* Christian Henning, 2014-03-05 Can I really add 30 yards to my golf game Yes but let me warn you if you are lazy and are simply looking for a magic bullet solution this is not the program for you The simple fact of the matter is this the 30 Yards or More in 30 Days or Less program is NOT a quick fix It's a SMART fix to a very complex problem that consequently yields incredibly fast results Oh and did I mention that you'll probably even burn loads of fat off while you add distance to ALL your clubs at the same time That's unheard of But the reality is I've had clients do it over and over again and you will too At the same time I want to make sure I'm being very clear make no mistake this program takes work and if you're one of these people who can't dedicate 30 days to radically changing your golf game and body a change that you will be able to enjoy for the rest of your life then please do not invest in this system But for those of you who are serious those who are ready to put forth the effort the 30 Yards or More in 30 Days or Less system will absolutely give you every tool you need to immediately DOUBLE your rate of distance gains and experience the yardage gains you deserve GUARANTEED Others did it too and so can you If you have read everything up to this point you definitely are not lazy I think you genuinely want to get better at your golf game and you aren't afraid of practice working out or analyzing your stats You enjoy the process of digging it out of the dirt I've taught thousands of other golfers just like you how to dig it out of the dirt and transform their bodies and golf games Just about every day I get emails Facebook posts and tweets of people just like you who transformed their golf games and bodies using my workouts Here are just a few clients of the 30 Yards or More in 30 Days or Less system and what they had to say I bought the 30 Yards or More in 30 Days or Less program already 2 months into my golf season I was a little scared about working out and playing golf not

knowing if my body could hold up I saw results right away in my swing and health of my body What Chris puts together with not only the lifting but also the joint mobility and flexibility training helped dramatically to my swing and joints This added health allowed me to work out harder and these workouts are right to the point which helps because I am always on the move Overall I was able to gain about 20 yards to my about 240 yard original full driver swing I can t wait to continue this program and use this as a part of my life from now on Mitchell S NorwayI tried your 30 yards in 30 days program back in May It definitely works when I swing in control Won three longest drives this year in tournaments Dave 34 Ontario Canada Your workout is going well I was in pretty good shape before starting the workout but I like that everything is tailored around golf motions Another one of my weaknesses was getting myself to stretch This workout requires you to stretch and I am a big fan of that as well John W Just wanted to thank you for creating and allowing me to try the 30 Yards or More in 30 Days or Less workout system 2 weeks after starting we had a nice weekend and I hit the longest drive of my life so I can t wait to see what happens now that it has been over 30 days Chris S After just two weeks of doing the workouts twice each beginners workout I can see a marketable difference in my swing I can t tell distance yet as I haven t been out on the course But I can tell the difference in my leg strength and flexibility already It will be easily 30 yards Thank you Chris Connell
