Passwater, 2012-12-06 The major reason for presenting bibliographies on ultraviolet light or which make only a casual graphy on fluorescence and phosphorescence reference to the fluorescence technique were can be summed up in one statement A recent usually rejected However occasionally survey showed that twenty two percent of all papers of this nature were included because chemical and clinical research was uninten

fluorescence methods seem to have unusually duplicated. A comprehensive source potential for the problems discussed. Again, if pertinent papers were missed, the authors' book of fluorescence and phosphorescence would be grateful to have these omissions. Techniques are therefore needed not only to suggest ideas for future research but to help call to their attention. The abbreviations of journal names, to decrease needless duplication and expense, employed in this Guide are those used by and thus to promote the development of both disciplines. Chemical Abstracts. Each paper has been. The authors hope that researchers new given an alpha numerical identification.
