St James Ame Sunday School Lesson:

To Raise Up the South Sally G. McMillen, 2001-12-01 In the half century after the Civil War evangelical southerners turned increasingly to Sunday schools as a means of rejuvenating their destitute region and adjusting to an ever modernizing world By educating children and later adults in Sunday school and exposing them to Christian teachings biblical truths and exemplary behavior southerners felt certain that a better world would emerge and cast aside the death and destruction wrought by the Civil War In **To Raise Up the South** Sally G McMillen offers an examination of Sunday schools in seven black and white denominations and reveals their vital role in the larger quest for southern redemption McMillen begins by explaining how the schools were established detailing northern missionaries collaboration in their creation and the eventual southern resistance to this northern aid She then turns to the classroom discussing the roles of church officials teachers ministers and parents in the effort to raise pious children the different functions of men and women and the social benefits of such participation Though denominations of both races saw Sunday schools as a way to increase their numbers and mold their children white southerners rarely raised the race issue in the classroom Black evangelicals on the other hand used their Sunday schools to discuss and decry Jim Crow laws rising violence and widespread injustices Integrating the study of race class gender and religion **To Raise Up the South** provides an exciting new lens through which to view the turbulent years of Reconstruction and the emergence of the New South It charts the rise of an institution that became a mainstay in the lives of millions of southerners

The Spirit of Missions, 1891 Includes the proceedings of the annual meeting of the Society
The Sunday-school Times, 1887 **The Sunday school chronicle [afterw.] New chronicle of Christian education** National Sunday school union, 1877 Family Visiter; and Sunday School Magazine, 1829 **Who's who in Colored America**, 1927 *Sunday School Times*, 1893 *Michigan Christian Advocate*, 1895 **Singing through Struggle** Carolynne Hitter Brown, 2025-04-21 Singing through Struggle Music Worship and Identity in Postemancipation Black Churches offers an innovative look at the vital role music and worship played in nurturing Black citizenship and identity during the Reconstruction era In such border cities as Baltimore Washington DC and Philadelphia the church was where newly emancipated migrants and members of the free Black community merged identities priorities and experiences through a process of cultural negotiation Music as a sign of Black achievement and as a genuine expression of identity produced both bastions and battlegrounds in the fight for democracy The music of Black churchgoers singing together in sanctuaries as well as in homes schools and outdoors expressed resistance to uplift ideologies within and to white supremacy without Even while using hymns and music of the European sacred tradition members infused the songs they chose with new meanings relevant to their evolving concerns and situations Drawing on fresh archival sources *Singing through Struggle* sheds light on the unexplored gap in the study of African American religious music between slavery and the Great Migration demonstrating the continuous stream of Black creativity and dignity that existed in religious music making between gospel

music and the spirituals This close up investigation of three Black congregations draws out previously forgotten stories of men and women who understood church music as key to shaping a collective purpose and civic identity Their stories demonstrate how faith music and ritual gave the Black community means for exploring a deeply complex and ever changing reality

The First Migrants Richard Edwards, Jacob K. Friefeld, 2023-08 2024 Caroline Bancroft History Prize Winner from the Denver Public Library 2024 Nebraska Book Award Winner 2024 Spur Award Finalist 2024 Jon Gjerde Prize Honorable Mention for best book in Midwestern History The First Migrants recounts the largely unknown story of Black people who migrated from the South to the Great Plains between 1877 and 1920 in search of land and freedom They exercised their rights under the Homestead Act to gain title to 650 000 acres settling in all of the Great Plains states Some created Black homesteader communities such as Nicodemus Kansas and DeWitty Nebraska while others including George Washington Carver and Oscar Micheaux homesteaded alone All sought a place where they could rise by their own talents and toil unencumbered by Black codes repression and violence In the words of one Nicodemus descendant they found a place they could experience real freedom though in a racist society that freedom could never be complete Their quest foreshadowed the epic movement of Black people out of the South known as the Great Migration In this first account of the full scope of Black homesteading in the Great Plains Richard Edwards and Jacob K Friefeld weave together two distinct strands the narrative histories of the six most important Black homesteader communities and the several themes that characterize homesteaders shared experiences Using homestead records diaries and letters interviews with homesteaders descendants and other sources Edwards and Friefeld illuminate the homesteaders fierce determination to find freedom and their greatest achievements and struggles for full equality
