Welcome to the Whitman College Biology Department's Virtual Pig Dissection (VPD)!

This site is designed as a supplement to laboratory dissections exploring introductory mammalian anatomy and physiology — it is basic and many details have been omitted for clarity. We hope that it is suitable for AP Biology students or for students of introductory anatomy and physiology at the college level.

We have revised this site to improve the learning experience and accessibility. Please see the 'About' page for more details and contact information. We hope you find it useful and enjoy using it!

Virtual Fetal Pig Dissection as an Agent of Knowledge Acquisition and Attitudinal Change in Female High School Students Rebecca S. Maloney, 2002 One way to determine if all students can learn through the use of computers is to introduce a lesson taught completely via computers and compare the results with those gained when the same lesson is taught in a traditional manner This study attempted to determine if a virtual fetal pig dissection can be used as a viable alternative for an actual dissection for females enrolled in high school biology classes by comparing the knowledge acquisition and attitudinal change between the experimental virtual dissection and control actual dissection groups Two hundred and twenty four students enrolled in

biology classes in a suburban all girl parochial high school participated in this study Female students in an all girl high school were chosen because research shows differences in science competency and computer usage between the genders that may mask the performance of females on computer based tasks in a science laboratory exercise Students who completed the virtual dissection scored significantly higher on practical and objective tests that were used to measure knowledge acquisition Attitudinal change was measured by examining the students attitudes toward dissections computer usage in the classroom and toward biology both before and after the dissections using pre and post surveys Significant results in positive gain scores were found in the virtual dissection group's attitude toward dissections and their negative gain score toward virtual dissections Attitudinal changes toward computers and biology were not significant A purposefully selected sample of the students were interviewed in addition to gathering a sample of the students' daily dissection journals as data highlighting their thoughts and feelings about their dissection experience Further research is suggested to determine if a virtual laboratory experience can be a substitute for actual dissections or may serve as an enhancement to an actual dissection

Agatha of Little Neon Claire Luchette, 2021-08-03 Sublime Oprah Daily Wry insightful and remarkable Scott Simon NPR's Weekend Edition Saturday Claire Luchette's debut *Agatha of Little Neon* is a novel about yearning and sisterhood figuring out how you fit in or don't and the unexpected friends who help you find your truest self Agatha has lived every day of the last nine years with her sisters they work together laugh together pray together Their world is contained within the little house they share The four of them are devoted to Mother Roberta and to their quiet purposeful life But when the parish goes broke the sisters are forced to move They land in Woonsocket a former mill town now dotted with wind turbines They take over the care of a halfway house where they live alongside their charges such as the jawless Tim Gary and the headstrong Lawnmower Jill Agatha is forced to venture out into the world alone to teach math at a local all girls high school where for the first time in years she has to reckon all on her own with what she sees and feels Who will she be if she isn't with her sisters These women the church have been her home Or has she just been hiding Disarming delightfully deadpan and full of searching Claire Luchette's *Agatha of Little Neon* offers a view into the lives of women and the choices they make
