WEEK ONE AND TWO

DEFINITION COLONIAL ADMINISTRATION IN AFRICA

This describes the political system of government adopted by the British/French in administering colonial territories.

HISTORICAL BACKGROUND

Before 1880's, Europe had what was known as the industrial revolution. This brought the desire to source for markets for their finished goods. Britain, Belgium, France, Germany, Italy, Spain and Portugal were involved in the colonies in Africa. So, the competition led to the scramble for and partition of Africa. At the Berlin West Africa conference of 1884-1885, African lands were shared to European countries as colonies. Nigeria, Ghana, Gambia and Sierra Leone came under the British. While Togo, Cameroun, Mali, Niger, Ivory Coast, Chad, Burkina Faso and Senegal came under the French administration.

Local Economic and Employment Development (LEED) Weaving Together Policies for Social Inclusion in Ireland OECD,2016-10-05 Ireland has made considerable progress in rebounding from the crisis but like other OECD countries continues to grapple with how to address lingering socio economic impacts

Hormones and Economic Behavior Pablo Brañas-Garza,Levent Neyse,Martin Voracek,Ulrich Schmidt,Monica Capra,2019-01-29 Behavioral correlates of hormones emphasized by psychologists have captured the attention of economists in the past years Behavioral economists in particular have investigated the possible roles of hormones on economic decision making and behavior as well as social preferences and cognitive abilities

Testosterone oxytocin dopamine serotonin and stress hormones are the foremost studied ones in economic contexts Yet the results are mixed and the relationship between hormones and economic behavior is under investigated to this date Hormone levels are measurable and manipulatable e g activate de activate block

The fact that the behavioral economics also employs experimental methodology makes it possible to observe both correlational and causal relationships between hormones and economic behavior

Since numerous environmental social and biological factors interact with hormone fluctuations capturing the true impacts of hormones on decisions and behavior is challenging

Manipulating hormone levels in the body is a method that is used to tackle this issue

Such studies compare observed behaviors of hormones or placebo administrated participants to determine causal relationships

This Research Topic welcomes the studies on the direct or indirect correlates of hormones on economic behavior and decision making to create new insights on the economic consequences of endocrine activity

The Social Challenges and Opportunities of Low Carbon Development Johan Nordensvärd,2016-10-04 This book explores the social implications and challenges of low carbon development

The argument of the book is that a broad understanding of low carbon development is essential for mitigating climate change and enabling development in a carbon constrained world

but there are risks that low carbon development might come at a price that is both social and economic

These risks need to be carefully assessed and reduced

The main aim of the book is to explore critically analyse and propose different ways of understanding low carbon development from a social perspective in both developed and developing countries

The author uses concepts such as low carbon development social policy sustainable development and environmental justice to understand the social implications of low carbon development projects

The book first elaborates the need to understand the social issues and challenges of low carbon development in both developed and developing countries

It then discusses five contemporary challenges of low carbon development the social consequences of Chinese hydropower dams in the Mekong

region the cost of the transition to renewable energies such as wind energy in Germany the challenges of carbon offsetting in Brazil the nexus of fuel inefficient housing and fuel poverty in England solar power for refugees in Africa The book fills a crucial gap for researchers postgraduates practitioners and policy makers in the fields of climate change development and social policy Johan Nordensv rd is a Lecturer in Social Policy at the University of Southampton UK

Risk Management in Organisations Margaret Woods,2022-06-01 Risk management is vital to organisational success from government down to small businesses and the discipline has developed rapidly over the last decade Learning lessons from the good and bad practice of others is a key feature of this book which includes multiple illustrative examples of risk management practice in addition to detailed case studies Combining both theory and practice the early chapters compare the ISO 31000 and COSO Enterprise Risk Management frameworks and the relevant regulatory regimes in both Europe and the United States The core of the book is three highly detailed case studies of risk management in the manufacturing Akzo Nobel retail Tesco and public sectors Birmingham City Council Using the lessons learned from the case studies together with material from elsewhere the author then outlines four lessons for risk managers that can be used in any organisation seeking to develop a truly enterprise wide risk management system This completely revised edition contains updates on regulations and practice together with new chapters covering technology risk and COVID 19 which are major risks faced by all organisations today As such the book is essential reading for risk management professionals and postgraduate and executive learners

A History of Book Publishing in Contemporary Latin America Gustavo Sorá,2021-03-08 This book presents a cultural history of Latin America as seen through a symbolic good and a practice the book and the act of publication two elements that have had an irrefutable power in shaping the modern world The volume combines multiple theoretical approaches and empirical landscapes with the aim to comprehend how Latin American publishers became the protagonists of a symbolic unification of their continent from the 1930s through the 1970s The Latin American focus responds to a central point in its history the effective interdependence of the national cultures of the continent Americanism until the 1950s or Latin Americanism from the onset of the Cold War were moral frameworks that guided publishers thinking and actions and had concrete effects on the process of regional integration The illustration of how Latin American publishing markets were articulated opens up broader and comparative questions regarding the ways in which the ideas embodied in books also sought to unify other cultural areas The intersection of cultural political and economic themes as well as the style of writing makes this book an interest to a wide reading public with historical and sociological sensitivity and global cultural curiosity
