Royalism, Religion and Revolution Sarah Ward Clavier, 2021 Analyses the role of long term continuities in the political and religious culture of Wales from the eve of the Civil War in 1640 to the Glorious Revolution of 1688 In *Royalism Religion and Revolution Wales 1640 1688* Sarah Ward Clavier provides a ground breaking analysis of the role of long term continuities in the political and religious culture of Wales from the eve of the Civil War in 1640 to the Glorious Revolution A final chapter also extends the narrative to the Hanoverian succession The book discusses three main themes the importance of continuities including concepts of Welsh history identity and language religious attitudes and identities and political culture As Ward Clavier shows the culture of Wales in this period was not frozen but rather dynamic one that was constantly deploying traditional cultural symbols and practices to sustain a distinctive religious and political identity against a tide of change The book uses a wide range of primary research material

from correspondence diaries and financial accounts to architectural literary and material sources drawing on both English and Welsh language texts As part of the New Regional History this book discusses the distinctively Welsh alongside aspects common to English and indeed European culture and argues that the creative construction of continuity allowed the gentry of North East Wales to maintain and adapt their identity even in the face of rupture and crisis

Medieval Wall Paintings Roger Rosewell, 2014-02-10 The medieval wall paintings that remain in English churches are for the most part shadows of their former selves the rare fragments of this beautiful art to have survived not only the Reformation but also successive waves of iconoclastic zeal and unsympathetic restoration The whitewashed walls of most parish churches belie the riot of colour and decoration that once adorned them but the remnants of paintings tucked into corners or rescued from later layers of paint help us to understand the role of art in medieval religion Roger Rosewell here offers a guide to the role played by medieval wall paintings as religious didactic and commemorative works of art telling the stories of those who created them and those who used them on a daily basis He also compares and contrasts religious and domestic wall paintings using beautiful colour photography throughout

Windows for the world Jasmine Allen, 2018-04-12 Windows for the world explores the display and reception of nineteenth century British stained glass in a secular exhibition context International in scope the book focuses on the global development of stained glass in this period as showcased at and influenced by these exhibitions It recognises those who made and exhibited stained glass and demonstrates the long lasting impact of the classification and modes of display at these events A number of exhibits are illustrated in colour and are analysed in relation to stylistic developments techniques and material innovations as well as the broader iconographies of nation and empire in the nineteenth century
