(coach) Brockman,2020-04-29 Normally in the literary world when you write and publish your original autobiography I Was Compost When Compost Wasn t Cool now some ten years ago you put a substantial period on what I and many readers thought was a very interesting and successful life What else could there be what else could transpire in just ten short years that would be worthy to share Fortunately for my very valuable readers my wife and I have gone through another life time of experiences packed into those very hectic ten years which I hope you will find interesting but also emotional irredeemable despicable and downright felonious in many aspects It still involves my first loves of farming composting machinery and all the life long learning connected to that I mean for me what else is there in life It still reverts back to my parental upbringing and all of my previous mentioned mentors that was my privilege and pleasure to work with in my life up to this point Many aspects and stories about those folks will be highlighted that were missed in my first book It also has a lot to do with my wife Debbie and our life together It s absolutely amazing how much a person can endure and the pain and heartbreak both physically and mentally will be described the best I know how This book will also describe again to the best of my ability the unimaginable amount of

greed ruthlessness trickery conniving fraud extravagant spending and incredible amount of elder abuse on the part of certain family members on their own parents and siblings It is just amazing what money greed and power can do to a family and that will be detailed finally in this book Yes only ten years since the original auto biography was written but what a ride Hard for me or anyone else to believe but my wife and I lived through all of it for a very unexpected and tragic ending I am the first one to realize that no one is guaranteed anything in life regardless it should have been a wonderful life we tried to do everything I thought to make it so but unfortunately it turned out to be anything but wonderful for us *What a Life! a Different Kind of Biography* Nelson Herbert LaFountain, 2020-11-15 Herein are printed stories and poems I have written over the years in my own way of telling my story Rather than an autobiography I thought this may be a better way of presenting one's life rather than in one mundane book I began with a book and then I found I like to present my life this way These are truthful works and not fiction Some had memory holes that needed filling who said what or who I gave credit to but nothing that would take away from the story It's just the way I tell my life After all my life has been a series of short stories and poems not one continuous biography or even one long story I tried to keep them truthful at all times My poetry is not the deep thinking style but happenings in poetry form I hope you enjoy it The Chapter numbers are assigned to the places I lived when the stories happened not necessarily in the order that they happened You will find the stories and poems are not numbered I began writing short stories and poems before I started my book Then after a few stories I figured it would be a good way to write a book So this is it for good or ill and I am not an author with an extensive vocabulary by any stretch of the imagination I hope you'll forgive that They so I'm told are quite interesting and easy reading Take them like vitamins one or two a day I hope you will laugh and cry and enjoy The stories poems musings and thoughts in this book are the product of but not limited to a lifetime of memories love life pain and laughter It is a labor of love in an effort to sing the praises of those that deserve it the most and not for the writer For it was the people that this work was dedicated to that I have to thank for almost all the memories If it weren't for the people there would be absolutely no need for writing this book There's Been A Life... Alex Norton, 2014 Since his first tentative steps on stage Alex Norton's career has been both highly colourful and eventful beyond his wildest dreams His journey from the streets of Glasgow's notorious Gorbals to blockbuster Hollywood movies has rarely been smooth but in a career spanning six decades he has pretty much seen it all and done most of it It was the fairer sex that first attracted the teenage Alex to acting and as soon as he discovered it was a great way to meet girls he was hooked for life After early appearances on Dr Finlay's Casebook Alex's career took a bit of a slump but as jobbing actor in London in the late Sixties he met and played guitar with a young Davy Jones as they worked together as extras on a movie The next time he saw him David Bowie had hit the big time He has worked with Billy Connolly Dudley Moore Rowan Atkinson Chick Murray and a host of other British stars and appeared in iconic movies like Gregory's Girl Local Hero and Braveheart He nearly managed to kill Clint Eastwood on a movie shoot in Africa has had whale for dinner with Jon Voight in Moscow

Anderson,2007-07 I was born and raised in south central Kansas getting my remedial education in the small town of Sedgwick I had four sisters and one brother The stories told in the book are true stories and have been told in the family for years I left Sedgwick after graduating migrating to Oklahoma California Missouri Arkansas Mississippi North Carolina and finally settling in Missouri in the small community of Rader some thirty five miles from Springfield My work has always been in engineering and my education for this field was from the school of ahard knocks a My life and childhood gave me the best education and experience for my field as common sense had to be the heart of it all Although while reading my book you will wonder how much common sense I really had I am now pushing sixty years old and find that the era I grew up in was an innocent time and the adventures I had were the foundation of my learning and integrity I have five children and six grandchildren I am still working as I now have a personal business which takes much of my time The story here was written over a period of three years I am ever indebted to my family for urging me to follow through with this book A Walk in My Shoes D. Rod Lloyd,2012-02-18 Autobiography for D Rod Lloyd transitioning from an English background to a US adulthood Lean what small things growing up formed the basis of the man They say to truly know and understand a man you need to walk a mile in his shoes Here is an opportunity to walk in my shoes and get to know me a little There have been many autobiographies written by famous people or those who have made some notable contribution making their story sought after I write this not as a famous or prominent person but as an average lad for those who are interested to see what my average life has consisted of and to truly see where I am coming from I wish my grandparents had written such a book for me to know them better In school I was the worst writer and speller Now I am writing as a published author This book has helped me understand my past and put all the pieces into prospective understand how each experience has affected and influenced my life Getting started was the hardest part Once I started writing I became addicted consumed I couldn't stop It was almost like I needed to see where I came from and where it was taking me They say when you have a near death experience your life flashes before you Writing your own life story is a much more civilized way to get what I assume is the same experience It is a fascinating journey revisiting one's own life Our memories are stored in the mind as little pockets of isolated information Writing this book has allowed me to consolidate the memories into a logical and chronological order

**From Whence I Came** Alton Tabor,2008-04-07 As we reach the later years of life I am sure all of us have experienced the thought If I could do it over again You know the feeling if only I had This realization toward the end of our lives when we get a clear look at what our life has been or could have been with different decisions The crystal ball shows us only the road

behind with 20/20 vision As is certainly my case I will recite my life in the first person narrated as it actually happened In the ensuing words and story I will lay out the road my life has taken It had sadness happiness disappointments exhilarations success and failure Plainly speaking the ups and downs most lives have although mine have been more varied with touches of success and notoriety than most It has taken me from an impoverished family of a single mother and five children in the depths of the Great Depression of the 30s in Oklahoma This single mother raised three to serve in the military during WWII two to go to the University of Oklahoma one to have some success as an actor in Hollywood in television and movies **This life I've led**, 1955 **Read My Book** Seth Schurman, M D, 2020-12-05 Is it an exciting novel Is it instructional Is it about self improvement Is it a great cookbook Is it about romance and lust Is it about horror and crime Am I a famous selling author Am I a celebrity It is none of these things What it is is an autobiography about me It is an expose it is truthful and factual It is my life story the good bad and ugly It is also very funny Who else would lose the end of a stethoscope under a woman's pendulous breast or fall in wet concrete head to toe Or chase large bullfrogs through a hotel lobby Or being exposed to bestiality in Mexico at the tender age of 15 Or popping a cork on my wedding night Or taking tap dancing and ballroom dancing at the ripe old age of 13 with 12 girls I think it is an interesting exciting funny book My life is now an OPEN book I highly recommend reading it and if you enjoy it look for my next book re living my travels and celebrity encounters and much more For me this has been an enlightening experience SETH S SCHURMAN M D Physician Author **Life's Short-Eat Dessert First: Wake Up and Press On: A Memoir** Robert L.
