suffered the consequences of the Afghan War and whose lives and whose daughter's lives have been changed forever Through the voices of the Soviet women who supported their soldiers on Afghan soil and the voices of the Afghan women scattered by circumstance around the globe the last Cold War battle between the superpowers takes on a very personal tone Policy decisions issued from on high became the rockets that destroyed these women physically mentally and emotionally Children were killed or maimed and homes and families destroyed Ultimately these women were forced to flee or become invisible within their homeland The Taliban militia rose from the dust of this war and by government decree reduced even the most educated and influential of the women to non person status
