Mansworth, Felicity Titjen, 2020-10-28 This book offers both a scholarly and practical overview of an integrated language and literature approach in the 16-19 English classroom. Providing a comprehensive overview of the identity of the subject, it outlines the pedagogical benefits of studying a unified English at post-16 and provides case studies of innovative classroom practice across a range of topics and text types. Including contributions from practising teachers and higher education practitioners with extensive experience of the post-16 classroom and drawing on a range of literature, this book covers the teaching of topics such as: Mind style in contemporary fiction; Comparative poetry analysis; Insights from linguistic cohesion; Criticality through creative response. Written to complement the two other Teaching English 16-19 titles in the NATE series, Teaching English Language and Literature 16-19 is the ideal companion for all practising A-level English teachers of all levels of experience.

Race Among Friends Marianne Modica, 2015-11-10 Many saw the 2008 election of Barack Obama as a sign that America had moved past the issue of race; that a colorblind society was finally within reach. But as Marianne Modica reveals in *Race Among Friends*, attempts to be colorblind do not end racism. In fact, ignoring race increases the likelihood that racism will occur in our schools and in society. This intriguing volume focuses on a racially friendly suburban charter school called Excellence Academy, highlighting the ways that students and teachers think about race and act out racial identity. Modica finds that even in an environment where students of all racial backgrounds work and play together harmoniously, race affects the daily experiences of students and teachers in profound but unexamined ways. Some teachers, she notes, feared that talking about race in the classroom would open them to charges of racism, so they avoided the topic. And rather than generate honest and constructive conversations about race, student friendships opened the door for insensitive racial comments by whites, resentment and silence by blacks, and racially biased administrative practices. In the end, the school's friendly environment did not promote and may have hindered serious discussion of race and racial inequity. The desire to ignore race in favor of a colorblind society, Modica writes, has become an entrenched part of American culture. But as *Race Among Friends* shows, when race becomes a taboo subject, it has serious ramifications for students and teachers of all ethnic origins.

In Search of the Kite Runner Jodi Hayes, 2007-03 In Khaled Hosseini's best-selling novel *The Kite Runner* (Riverhead Books, 2003), Hosseini shows us an Afghanistan rich in tradition and culture and an Afghanistan torn apart by war and political strife. We see Muslims who are not so different from Christians or Jews. *In Search of the Kite Runner* looks at the basic themes that make *The Kite Runner* such a fascinating and thought-provoking story and that make it personal for anyone who has ever wished for a chance to do something over. Written from a Christian perspective, *In Search of the Kite Runner* begins with the rudiments of Islamic faith and the Islam of Afghanistan. The author likens the struggles of *The Kite Runner*'s characters and those of other literary figures to the struggles and stories of biblical patriarchs. She brings to light the complexities of interpersonal and intrafamily relationships and examines the impact that power, guilt, and the quest for forgiveness and redemption can have on our lives. Exploring both the individual and the collective basis for doing good, Hayes

The Hilltop Assaf Gavron, 2014-10-07 Mordantly funny and deeply moving this award winning novel about life in a West Bank settlement has been hailed as brilliant The New York Times Book Review and The Great Israeli Novel in which Gavron stakes his claim to be Israel's Jonathan Franzen Tablet On a rocky hilltop stands Ma'aleh Heremesh, a fledgling outpost of Jewish settlers in the West Bank According to government records it doesn't exist according to the military it must be defended On this contested land Othniel Assis under the wary gaze of the Palestinians in the neighboring village lives on his farm with his ever expanding family As Othniel cheerfully manipulates government agencies more settlers arrive and a hodgepodge of shipping containers and mobile homes takes root One steadfast resident is Gabi Kupper a former kibbutz dweller who savors the delicate routines of life on the settlement When Gabi's prodigal brother Roni arrives penniless on his doorstep with a bizarre plan to sell the artisanal olive oil from the Palestinian village to Tel Aviv yuppies Gabi worries his life won't stay quiet for long Then a nosy American journalist stumbles into Ma'aleh Heremesh and Gabi's worst fears are confirmed The settlement becomes the focus of an international diplomatic scandal facing its greatest threat yet This indispensable novel The Wall Street Journal skewers the complex often absurd reality of life in Israel Grappling with one of the most charged geopolitical issues of our time Gavron's story gains a foothold in our hearts and minds and stubbornly refuses to leave Kirkus Reviews starred review *Reading Khaled Hosseini* Rebecca Stuhler, 2009-09-03 Discusses Hosseini's fiction and its relation to current events and popular culture 5 Steps to a 5 AP English Literature, 2012-2013 Edition Estelle Rankin, Barbara Murphy, 2011-05-16 A Perfect Plan for the Perfect Score We want you to succeed on your AP exam That's why we've created this 5 step plan to help you study more effectively use your preparation time wisely and get your best score This easy to follow guide offers you a complete review of your AP course strategies to give you the edge on test day and plenty of practice with AP style test questions You'll sharpen your subject knowledge strengthen your thinking skills and build your test taking confidence with Full length practice exams modeled on the real test All the terms and concepts you need to know to get your best score Your choice of three customized study schedules so you can pick the one that meets your needs The 5 Step Plan helps you get the most out of your study time Step 1 Set Up Your Study Program Step 2 Determine Your Readiness Step 3 Develop the Strategies Step 4 Review the Knowledge Step 5 Build Your Confidence **Television and Reading** Susan B. Neuman, 1986 Drawing on communications psychological and educational studies this paper examines television's influence on reading performance and school achievement The first section of the paper reviews and synthesizes major studies dealing with the introduction of television in a community and with correlations between television use and school achievement pointing out that many of the studies have flawed methodologies and weak links between theory and methodology The second section of the paper synthesizes the results of eight statewide reading assessments and a secondary analysis of the 1984 National Assessment of Educational Progress using hypotheses based on four theories of

displacement the idea that watching television replaces other activities in children's lives It concludes that television viewing is associated with a different set of needs and gratifications than reading The report includes extensive tables of data and eight pages of references FL

Problematizing the Profession of Teaching from an Existential Perspective Aaron S. Zimmerman, 2022-06-01 Teachers not only serve as caretakers for the students in their classroom but also serve as stewards for society's next generation In this way teachers are charged with responsibility for the present and the future of their world Shouldering this responsibility is no less than an existential dilemma that requires not only professional solutions but also personal responsibility rooted in subjective authenticity In the edited volume authors will explore how the philosophy of Existentialism can help teachers teacher educators educational researchers and policymakers better understand the existential responsibility that teachers shoulder The core concepts of Existential philosophy explored in this edited volume imply that a teacher's lived experience cannot be defined solely by professional knowledge or dictates Teachers have the capacity to create subjective meaning through their own agency and there is no guarantee that those subjective meanings will accord with professional dictates Furthermore there is no guarantee that professional dictates are more valid than the existential realities of individual teachers The philosophy of Existentialism encourages individuals to reflect on the existential realities of isolation freedom meaninglessness and death in an effort to propel individuals towards more authentic ways of engaging in the world The chapters of this edited volume advance the argument that being and becoming a teacher must be understood at least in part from the subjective perspective of the individual and that teachers are responsible for authoring the meaning of their lives and of their work

ENDORSEMENTS At a time when the purpose of education is increasingly conceived in terms of attaining skills necessary for the job market and teaching and learning are assessed in terms of objective outcomes this collection of fresh essays on the existential dimension of education as an institution offers an indispensable corrective In wide ranging reflections on the professional and inter personal aspects of education the authors show how existentialism's emphasis on subjectivity authenticity and lived experience can enrich our thinking about teaching and learning and improve our practices in the classroom as it exists now Any educator seriously interested in his or her profession will find timely insights in this thoughtfully conceived volume

Steven Crowell Rice University Historically education and educational science have been torn between on the one hand ideas stressing technical rationality efficiency and evidence based approaches and on the other hand ideas highlighting the need for deeper understandings and imaginative orientations In the light of these trends the book *Problematizing the Profession of Teaching from an Existential Perspective* is a fresh contribution that offers new insights to the field of teacher professionalism and teacher development I recommend this book to everyone who is interested in gaining a deeper understanding of what it means to be and become a teacher
