Phillips, 2021-03-17 An exhaustively researched survey of Raymond Chandler's thorny relationship with Hollywood during the classic period of film noir Alain Silver film producer and author Raymond Chandler's seven novels including *The Big Sleep* 1939 and *The Long Goodbye* 1953 with their pessimism and grim realism had a direct influence on the emergence of film noir Chandler worked to give his crime novels the flavor of his adopted city Los Angeles which was still something of a frontier town rife with corruption and lawlessness In

addition to novels Chandler wrote short stories and penned the screenplays for several films including *Double Indemnity* 1944 and *Strangers on a Train* 1951 His work with Billy Wilder and Alfred Hitchcock on these projects was fraught with the difficulties of collaboration between established directors and an author who disliked having to edit his writing on demand *Creatures of Darkness* is the first major biocritical study of Chandler in twenty years Gene Phillips explores Chandler's unpublished script for *Lady in the Lake* examines the process of adaptation of the novel *Strangers on a Train* discusses the merits of the unproduced screenplay for *Playback* and compares Howard Hawks's director's cut of *The Big Sleep* with the version shown in theaters Through interviews he conducted with Wilder Hitchcock Hawks and Edward Dmytryk over the past several decades Phillips provides deeper insight into Chandler's sometimes difficult personality Chandler's wisecracking private eye Philip Marlowe has spawned a thousand imitations *Creatures of Darkness* lucidly explains the author's dramatic impact on both the literary and cinematic worlds demonstrating the immeasurable debt that both detective fiction and the neo noir films of today owe to Chandler's stark vision

Sequels: Adult books Mandy Hicken, 1982 **King Noir** Tony Magistrale, Michael J. Blouin, 2025-04-15 Over the past thirty years Stephen King has received enormous attention from both the popular press as well as academics seeking to explain the unique phenomenon of his success Books on King explore his canon in religious contexts in political and historical contexts in mythic specifically Jungian contexts in Gothic horror especially American literary contexts and in a wide variety of other contexts appropriate to a writer who over the past half century has become America's Storyteller Beginning with a never published chapter authored by Stephen King himself on the influence of the genre on his own writing *King Noir* makes an invaluable contribution to King scholarship by placing King's works in conversation with American crime fiction This is the third book that Tony Magistrale and Michael J Blouin have coauthored on the work of Stephen King and the first to consider King's canon through the lens of crime fiction *King Noir* examines not only King's own efforts at writing in the detective genre but also how the detective genre finds its way into work typically regarded as horror fiction In interviews King has acknowledged his debt to earlier writers in the genre such as Ed McBain and Raymond Chandler and he much more often references hard boiled writers than he does horror writers One could speculate that King became a writer because of his love of pulpy crime fiction which he continues to hold in high esteem From *The Dead Zone* to *Mr Mercedes* from the crime fiction of his pseudonym Richard Bachman to his most recent novel *Holly* King returns obsessively to patterns established by American sleuths of every stripe paying homage to them at the same time as he innovates on the formulas he has inherited To focus upon a hard boiled Stephen King is to discover exciting new avenues for inquiry into one of America's most enduring and adaptable storytellers

Detectives in the Shadows Susanna Lee, 2020-08-04 A century of American history reflected in the iconic private eye Steadfast in fighting crime but operating outside the police force and sometimes even the law is the private detective Driven by his own moral code he is a shadowy figure in a trench coat standing on a street corner his face most likely obscured by a tilted fedora a lit cigarette dangling from his hand The hard boiled detective is known by his dark past private pain and powers of deduction He only asks questions never answers them In his stories he is both the main character and the narrator America has had a love affair with the hard boiled detective since the 1920s when Prohibition called into question who really stood on the right and wrong side of the law And nowhere did this hero shine more than in crime fiction In *Detectives in the Shadows* literary and cultural critic Susanna Lee tracks the evolution of this truly American character type from Race Williams to Philip Marlowe and from Mike Hammer to Jessica Jones Lee explores how this character type morphs to fit an increasingly troubled world offering compelling interpretations of *The Wire* *True Detective* and *Jessica Jones* Suddenly in the present day the hard boiled detective wears his or her fatigue outwardly revealing more vulnerability than ever before But the detective remains resolute in the face of sinister forces ever the person of honor For anyone interested in crime fiction and television or for those wanting to understand America's idolization of the good guy with a gun *Detectives in the Shadows* is essential reading
