Marconi's International Register ,1978 **Moody's International Manual** ,1993 **The London Weaver's Company 1600 - 1970** Alfred Plummer,2013-11-05 The Worshipful Company of Weavers the oldest of all the London Livery Companies can trace its origins to a twelfth century craft guild Largely based upon original records never before studied in depth this authorized history of the company covers the period from the end of the reign of Elizabeth I to modern times Alfred Plummer presents a portrait of the London Hand loom weavers in their historical setting living strenuous lives in an industry which was once essential but has now disappeared He describes many fascinating aspects of the Company s eventful history from the numbers of apprentices to their parents and places of origin the attitude towards the admission of women and the enlistment by the Weaver s Company of the powerful pen of Daniel Defoe In addition the work examines the impact of such catastrophes as the Great Plague and the Fire of London The author deals with the dogged struggle for survival of the famous Spitalfields silk weavers and explores the part played by the Weavers and their associated London Livery companies in the plantation of Ulster under James I nearly four centuries ago This book was first published in 1972 **The London Weavers' Company, 1600-1970** Alfred Plummer,1972 **The London Weavers' Company, 1600-1970** Alfred Plummer (Librarian of the Weavers' Co.),1972 The London Weavers' Company Frances Consitt,1933 *The London Weavers' Company, Etc. [With Plates, Including a Portrait.]*. Frances Consitt,1933 *Notes on the Weavers' Company* Worshipful Company of Weavers (London, England),198? Crisis of the Guilds Charles Holden Wren,2019 In the early seventeenth century London s livery companies control over their respective trades was in decline as the early modern economy brought new challenges such as population growth rising immigration increasing forms of mechanization and the early development of factory based industry This thesis analyzes the companies decline through the experience of the Weavers Company in the 1620s and 1630s focusing particularly on the challenges it faced in responding to the changing economy and identifying the factors which weakened its hold on the City s weaving industry Especially important is the perspective offered in this thesis which examines the issues from the viewpoint of company members who were common artisans plying the trade in England s capital city The weavers petitions to City company and Crown authorities reveal how the strangers created economic problems for English artisans The petitions have shown that aliens working and living tendencies allowed them a competitive edge over the company s members who had to abide by company restrictions on the scale of their business They also show that such complaints were genuine concerns for the livelihoods which many English weavers were losing due to unfair competition with the strangers who used labor saving engine looms and continued to work outside of the Weavers Company and its trade restrictions The petitions also show the internal struggles which the company faced starting in the mid 1620s From the beginning of Charles I s reign to the years leading up to the English Civil War company leaders and members clashed over how to control the strangers which further obstructed the company s ability to effectively respond to the
