arrive on the island however both the captain of the ship and Doctor Moreau refuse to take Prendick The crew pushes him back into the lifeboat from which they rescued him but seeing that the ship really intends to abandon him the islanders take pity and end up coming back for him Montgomery introduces him to Doctor Moreau a cold and precise man who conducts research on the island After unloading the animals from the boat they decide to house Prendick in an outer room of the enclosure in which they live Prendick is exceedingly curious about what exactly Moreau researches on the island especially after he locks the inner part of the enclosure without explaining why Prendick suddenly remembers that he has heard of Moreau and that he had been an eminent physiologist in London before a journalist exposed his gruesome experiments in vivisection The next day Moreau begins working on a puma and its anguished cries drive Prendick out into the jungle As he wanders he comes upon a group of people who seem human but have an unmistakable resemblance to hogs As he walks back to the enclosure he suddenly realizes he is being followed He panics and flees and in a desperate attempt of defense he manages to stun his attacker a monstrous hybrid of animal and man When he returns to the enclosure and questions Montgomery Montgomery refuses to be open with him After failing to get an explanation Prendick finally gives in and takes a sleeping draft

The Island of Dr. Moreau H. G. Wells, Dr. John L. Flynn, 2014-06-03 A cautionary tale of the horrors that can ensue when man experiments with nature from the father of science fiction H G Wells A lonely island in the Pacific The sinister scientist who rules it And the strange beings who dwell there This is the scenario for H G Wells's haunting classic one of his most intriguing and visionary novels Living in the late nineteenth century and facing the impact of Darwin's theory of evolution Wells wrote this chilling masterpiece about the characteristics of beasts blurring as the animals turn into men Dr Moreau a scientist expelled from his homeland for his cruel vivisection experiments finds a deserted island that gives him the freedom to continue torturous transplantations and create hideous creatures with manlike intelligence But as the brutally enforced order on Moreau's island dissolves the true consequences of his experiments emerge and his creations revert to beasts more shocking than nature could devise A genius of his time H G Wells foresaw the use of what he called the atom bomb the practice of gene splicing and men landing on the moon Now when these have become part of everyday life his dark fable serves as a compelling reminder of the horrors that reckless experiments with nature can produce With an Introduction by Nita A Farahany and an Afterword by Dr John L Flynn [Best of Wells](#) H.
