The King of the Golden River John Ruskin,2020-03-28 A fairy tale of what happened to two men who tried to get rich in evil ways and of how the fortune they sought came to their younger brother whose kind and loving heart prompted him to right action. Widely regarded as a masterpiece of 19th century stories for children. In a secluded and mountainous part of Styria there was in old time a valley of the most surprising and luxuriant fertility. It was surrounded on all sides by steep and rocky mountains rising into peaks which were always covered with snow and from which a number of torrents descended in constant cataracts. One of these fell westward over the face of a crag so high that when the sun had set to everything else and all below was darkness his beams still shone full upon this waterfall so that it looked like a shower of gold. It was therefore called by the people of the neighbourhood the Golden River. It was strange that none of these streams fell into the valley itself. They all descended on the other side of the mountains and

wound away through broad plains and by populous cities But the clouds were drawn so constantly to the snowy hills and rested so softly in the circular hollow that in time of drought and heat when all the country round was burnt up there was still rain in the little valley and its crops were so heavy and its hay so high and its apples so red and its grapes so blue and its wine so rich and its honey so sweet that it was a marvel to every one who beheld it and was commonly called the Treasure Valley The King of the Golden River ,1918
