Lake, 2023-07-24 This is the first book length academic study of the portrayal in contemporary historical crime fiction of Nazi Germany and the Holocaust and their legacies It discusses novels written by five authors David Downing Philip Kerr Luke McCallin Joseph Kanon and David Thomas Their work belongs to a subgenre of the historical crime novel that has emerged since the late 1980s to become a significant body of writing located at the intersection of crime fiction and Holocaust literature The readings of these novels explore questions of form and genre to ask how popular fiction might approach the Holocaust Themes of resistance and complicity and the relationship between them and problems of guilt and responsibility are also discussed This book also explores questions of justice to show how these novels explore social and moral justice and vengeance and revenge as alternatives to ordinary legal justice after the Holocaust **Farewell to Shulamit** Carsten

Wilke, 2017-04-10 The Song of Songs a lyric cycle of love scenes without a narrative plot has often been considered as the Bible's most beautiful and enigmatic book The present study questions the still dominant exegetical convention that merges all of the Song's voices into the dialogue of a single couple its composite heroine Shulamit being a projection screen for norms of womanhood An alternative socio spatial reading starting with the Hebrew text's strophic patterns and its references to historical realia explores the poem's artful alternation between courtly urban rural and pastoral scenes with their distinct characters The literary construction of social difference juxtaposes class specific patterns of consumption mobility emotion power structures and gender relations This new image of the cycle as a detailed poetic frieze of ancient society eventually leads to a precise hypothesis concerning its literary and religious context in the Hellenistic age as well as its geographical origins in the multiethnic borderland east of the Jordan In a Jewish echo of anthropological skepticism the poem emphasizes the plurality and relativity of the human condition while praising the communicative powers of pleasure fantasy and multifarious Eros

The Masks of King Lear Marvin Rosenberg, 1992 LEAR Does Lear walk thus Speak thus Who is it that can tell me who I am Centuries of critics and actors have tried to tell but Lear's identity and the meaning of his action in the

play are still touched with enigma This book seeks Shakespeare s intentions in King Lear in new ways It explores major interpretations of distinguished actors and directors as well as of critics from England the United States France Belgium Japan Sweden Norway Germany Italy the Soviet Union Czechoslovakia Romania Hungary Bulgaria and Poland Is the play unsuited for the stage as Charles Lamb and others have declared How in fact has it been staged and how visualized by critics Is Lear designed to be a frail and aging old man A powerful image of authority Mad or senile to begin with A kindly old father Everyman All of these None Does the play end with redemption Unmitigated despair Is it Christian Pagan Mr Rosenberg confronts these and other questions from the base of his study and personal experience of the play To deepen the theatrical side of that experience he began as he did in his *The Masks of Othello* with an involvement in the staged play he directed and acted in *Othello* and he followed a production of *King Lear* through two months of rehearsal and performance One by product of this intense participation was a discovery of some special qualities in the language of the play To achieve a better understanding of these qualities Mr Rosenberg put Lear s vocabulary through a computer and established a concordance of every word both for the play as a whole and for each character Interesting structural elements in Shakespeare s language become apparent Recognizing the difficulty for a critic of responding afresh to Shakespeare s craftsmanship in characterization and in arousing expectation Mr Rosenberg also arranged to expose the play to spectators who had never seen or read it The response of this naive audience after attending performances was curious and illuminating The author believes that any critical approach must be used that will increase our understanding of Shakespeare s work
