Weather Bureau,1922 *Excavating the Power of Memory in Japan* Glenn D Hook,2018-02-02 Excavating the power of memory offers a succinct examination of how memory is constructed embedded and disseminated in contemporary Japanese society The unique range and perspective of this collection will provide an understanding not found elsewhere It starts with a lucid introduction of how memory plays a political and wider social role in Japan Four case studies follow The first takes up the divergence in memory at the national and subnational levels by analysing the memory of the battle of Okinawa and US military accidents in Okinawa prefecture illuminating how memory in the prefecture embeds Okinawans as victims of mainland Japan and of the United States The second explores whether Japan s membership of the International Criminal Court represents a shift in the Japanese government s negative remembrance of the International Military Tribunal for the Far East demonstrating how both courts are largely portrayed as being disconnected in political debates The third offers an analysis of the surviving letters of the Kamikaze pilots in order to interrogate and compare their presumed identity in the dominant collective memory and their own self identities The fourth untangles how the memory of winds in Japanese fishing communities remains an expression of social thought that presides over the transmission of meaning about fishermen s geographical surroundings This book was previously published as a special issue of the Japan Forum *Code of Federal Regulations* ,1953 Special edition of the Federal Register containing a codification of documents of general applicability and future effect with ancillaries **Federal Register** ,1957 **Flight Information Manual** , [Instructions for the Operation of Communications Facilities](#) United States.
