The Love Of Music:

For The Love of Music Michael Steinberg, Larry Rothe, 2006-05-01 The power of music the way it works on the mind and heart remains an enticing mystery Now two noted writers on classical music Michael Steinberg and Larry Rothe explore the allure of this melodious art not in the clinical terms of social scientists but through stories drawn from their own experience In For the Love of Music Steinberg and Rothe draw on a lifetime of listening to living with and writing about music sharing the delights and revelatory encounters they have had with Mozart Brahms Stravinsky and a host of other great and almost great composers At once highly personal and immediately accessible their writings shed light on those who make music and those who listen to it drawing readers into the beautiful and dangerous terrain that has meant so much to the authors In recounting how they themselves came to love music Steinberg and Rothe offer keys for listening You will meet the man who created the sound of Hollywood s Golden Age and you will learn how composers have addressed issues as contemporary as AIDS and the terrorist attacks of September 11

For the Love of Music John Mauceri, 2019 With a lifetime of experience profound knowledge and understanding and heartwarming appreciation an internationally celebrated conductor and teacher answers the questions Why should I listen to classical music How can I get the most from the listening experience A protégé of Leonard Bernstein his colleague for eighteen years and an eminent conductor who has toured and recorded all over the world John Mauceri helps us to reap the joys and pleasures classical music has to offer Briefly we learn the way a musical tradition born in ancient Greece embraced by the Roman Empire and subsequently nurtured by influences from across the globe gave shape to the classical music that came to be embraced by cultures from Japan to Bolivia Then Mauceri examines the music itself helping us understand what it is we hear when we listen to classical music how by a kind of sonic metaphor it expresses the deepest recesses of human feeling and emotion how each piece bears the traces of its history how the concert experience a unique one each and every time allows us to discover music anew Unpretentious graceful instructive this is a book for the aficionado the novice and anyone looking to have the love of music fired within them
