

A photograph of a dense forest in winter. The trees are covered in a thick layer of snow, and the ground is also blanketed in white. In the center-right of the image, a warm, glowing light source, possibly a fire or a lantern, illuminates the surrounding snow, creating a cozy atmosphere. The overall scene is quiet and serene.

Philosophical Theology Philosophy and Ethics Release of the Captured River Keith Price, 2015-09-04 Josh had no idea that his famous uncle Danny had suddenly returned home from California How could he He was teaching at a private school in England having got as far away as possible from the scene of his best friend s tragic death for which Josh felt solely responsible But although knowing in his bones that the county s horrific badger cull would sooner or later compel him to return to Wales it turned out to be something wholly unexpected and of a supernatural nature which caused Josh to be captured there and so forced to confront his demons **The Gospel in the Dock** Bryan M. Christman, 2021-08-10 C S

Lewis famously penned the phrase God in the Dock and proposed that there was a great divide between ancient and modern humans in that our ancestors would have rightly seen themselves in the dock before God while we moderns have placed God there before us But what if what God s love most desires for us the gospel or good news of the only way of life for humanity has been in the dock before us from the time of Adam and Eve And what if it is also the case that the gospel is often in the dock as though it is not good even for the church This book builds upon and expands the life and death stakes Lewis proposed by demonstrating that the gospel way of faith itself has been placed in the dock by us and in many ways ruined our relationships with God with our own selves with one another and even with the natural world itself which we are meant to steward for its good In these pages the reader will discover why the gospel that requires faith is good news but why we so tragically default to our divisive and self destructive ways **The Independent Filmmaker's Guide to the New**
