 1869 and died in Sussex in 1930 As an historian she contributed significantly to the twentieth century historiography of late
 medieval England researching the social cultural and religious mores of the English laity and clergy This title first published
 in 1919 comprehensively explores the fabrics of late medieval society using evidence drawn from historical and literary
 works official documents and illustrated manuscripts Largely concentrating on the years between the start of the Black
 Death in 1348 and the end of the fifteenth century a period in which we see important developments in the character and
 organisation of medieval England chapters discuss the make up of social order life in a medieval town the position of women
 in society and the Church's relationship with the laity A complementary title to *Social Life in England in the Fifteenth*
Century Routledge Revivals 2013 this fascinating work will be of great value to history students requiring a detailed overview
 of the framework of late medieval English society and culture *Staging the Spanish Golden Age* Kathleen Jeffs, 2018-04-16
 In this volume Kathleen Jeffs draws on first hand experience of the Royal Shakespeare Company's rehearsal room for the
 2004-05 Spanish Golden Age season to put forth a collaborative model for translating rehearsing and performing Spanish
 Golden Age drama Building on the RSC season the volume offers methodologies for translation and communication that can
 feed the creative processes of actors and directors while maintaining an ethos of fidelity with regards to the original texts It

argues that collaboration between academics and theatre practitioners was instrumental in the success of the season and that the work carried out has repercussions for critical debate of Comedia The volume posits a model for future productions of the Comedia in English one that recognizes the need for the languages of the scholar and the theatre artist to be made mutually intelligible by the use of collaborative strategies mediated by a consultant or dramaturg proficient in both tongues This model applies more generally to theatrical collaborations involving a translator writer and director and will be useful for translation and performance processes in any language
