

A young man and woman are lying on their stomachs on a patch of green grass. The man, on the right, has curly brown hair and is wearing a grey t-shirt. The woman, on the left, has straight brown hair and is wearing a white tank top. They are both looking at each other with soft expressions. The title 'THE FAULT IN OUR STARS' is overlaid on the right side of the image in a stylized font.

Reading Children's Literature: A Critical Introduction - Second Edition Carrie Hintz, Eric L. Tribunella, 2019-03-28
Reading Children's Literature offers insights into the major discussions and debates currently animating the field of children's literature. Informed by recent scholarship and interest in cultural studies and critical theory, it is a compact core text that introduces students to the historical contexts, genres, and issues of children's literature. A beautifully designed and illustrated supplement to individual literary works assigned, it also provides apparatus that makes it a complete resource for working with children's literature during and after the course. The second edition includes a new chapter on children's literature and popular culture, including film, television, and merchandising, and has been updated throughout to reflect recent scholarship and new offerings in children's media.

The New Heroines Katheryn Wright, 2016-03-21
This book explores how the next generation of teen and young adult heroines in popular culture are creating a new feminist ideal for the 21st century. Representations of a teenage girl who is unique or special occur again and again in coming-of-age stories. It's an irresistible concept: the heroine who seems just like every other but under the surface she has the potential to change the world. This book examines the cultural significance of teen and young adult female characters: the New Heroines in popular culture. The book addresses a wide range of examples, primarily from the past two decades, with several chapters focusing on a specific heroic figure in popular culture. In addition, the author offers a comparative analysis between the New Woman figure from the late 19th and early 20th century and the New Heroine in the 21st century. Readers will understand how representations of teenage girls in fiction and nonfiction are positioned as heroic because of their ability to find out about themselves by connecting with other people, their environment, and technology.

The Stars of Ballymenone, New Edition Henry Glassie, 2016-09-12
In the time of the Troubles, when bombs blew through the night and soldiers prowled down the roads, Henry Glassie came to the Irish borderland to learn how country people endure through history. He settled into the farming community of Ballymenone, beside Lough Erne in the County Fermanagh, and listened to the old people. For a decade he heard and recorded the stories and songs in which they outlined their culture, recounted their history, and pictured their world. In their view, their world was one of love, defeat, and uncertainty, demanding the virtues of endurance, faith, bravery, and wit. Glassie's task in this book is to set the scene, to sketch the backdrop and clear the stage so that Hugh Nolan and Michael Boyle, Peter Flanagan, Ellen Cutler, and their neighbors can tell their own tale, which explains their conditions and converts them into a tragedy of conflict and a comedy of the absurd. It gathers the saints and warriors and celebrates the stars whose wit enabled endurance in days of violence and deprivation. With patience and respect, Glassie describes life in a time and a place exactly like no other, and yet Ballymenone is like a thousand other places where people work on the land during the day and tell their own tales at night, forgotten while the men of power fill the newspapers and history books by sending poor boys out to be killed. *The Stars of Ballymenone* is an integrated analysis of the complete repertory of verbal art from a rural
