## Password Reset Enforcement

[Process action](#)

### Choose users to reset passwords for

☒ All users

Turn this option off to define more detailed user coverage.

Note: your account is always excluded from the processing. This operation will force 4294 users (99.98% of your users) to change their passwords.

### Options

☒ Email password reset link to users

Specifies whether users should be notified when their passwords are reset (checked) or not (unchecked).

☒ Allow users to initiate the password reset process using their current passwords

If checked, users will be able to log in (using their current passwords) and will be redirected to the "set new password" form immediately after successful login and logged-out (so that the only action they can take is to set the new password). If unchecked, users will not be able to log in using their current password - they will be logged out immediately, and redirected to the "reset password" form, where they will have to provide their user name or email, and initiate the "full" password reset process.

### WHEN SHOULD THE PASSWORD BE RESET?

☒ Immediately☐ After the current session expiry

Choose "After current session expiry" to force users to reset their passwords after their current session expires. (Force "Immediately" to force login of chosen users
