Workplace health promotion, volume II Danijela Gasevic, Leah Okenwa, Emegwa, Sheikh Alif, 2023-01-30. *Emergency Planning Guide for Utilities, Second Edition* Samuel Mullen, 2013-01-22. An increase in major natural disasters and the growing number of damaging events involving gas, electric, water and other utilities has led to heightened concerns about utility operations and public safety. Due to today's complex compliance based environment, utility managers and planners often find it difficult to plan for the action needed to help ensure organization wide resilience and meet consumer expectations during these incidents. *Emergency Planning Guide for Utilities, Second Edition* offers a working guide that presents new and field tested approaches to plan, development, training, exercising and emergency program management. The book will help utility planners, trainers and responders as well as their vendors and suppliers to more effectively prepare for damaging events and improve the level of the utility's resilience. It also focuses on planning needed in the National Incident Management System and ICS environment that many utilities are embracing going forward. In doing so, utilities will be able to improve the customer experience while reducing the impact that damaging events have on the utility's infrastructure, people and resources.
