Peter Clines, H. P. Lovecraft, Daniel Defoe, 2016-03-08 Robinson Crusoe is one of the most enduring adventures of the past four centuries and one of the most well known works in the English language Or is it Recently discovered amidst the papers of the 20th century writer and historian H P Lovecraft is what claims to be the true story of Robinson Crusoe Taken from the castaway's own journals and memoirs and fact checked by Lovecraft himself it is free from many of Defoe's edits and alterations From Lovecraft's work a much smoother simpler tale emerges but also a far more disturbing one Here Crusoe is revealed as a man bearing the terrible curse of the werewolf and the guilt that comes with it a man with no real incentive to leave his island prison The cannibals who terrorized Crusoe are revealed to be less human than ever before hinted at worshippers of a malevolent octopus headed god And the island itself is a place of ancient evil mysteries that threaten Crusoe's sanity and his very soul This version of the classic tale assembled by two legends of English literature and abridged by Peter Clines is the terrifying supernatural true story of Robinson Crusoe as it has never been told before Page 4 of cover **Ex-Communication** Peter Clines, 2013-07-09 The third novel in Peter Clines bestselling Ex series All of us try to cheat death I was just better prepared to do it than most folks In the years since the wave of living death swept the globe St George and his fellow heroes haven't just kept Los Angeles last humans alive they've created a real

God's Junk Drawer Peter Clines, 2025-11-11. From New York Times bestselling author Peter Clines, *God's Junk Drawer* is a mind-bending tale of mystery and adventure set at the dawn of time. Welcome to the valley. Forty years ago, the Gather family—James, his daughter Beau, and his son Billy—vanished during a whitewater rafting trip and were presumed dead. Five years later, Billy reappeared on the far side of the world, telling an impossible tale of a primordial valley populated by dinosaurs, aliens, Neanderthals, and androids. Little Billy became the punchline of so very many jokes until he finally faded from the public eye. Now a group of graduate astronomy students follow their professor, Noah Barnes, up a mountain for what they believe is a simple stargazing trip. But they're about to travel a lot farther than they planned. Noah, the now-grown Billy Gather, has finally figured out how to get back to the valley, accidentally bringing his students along with him. He's confident he can get everyone back home safe and sound. But the valley is a puzzle, one it turns out Noah hasn't figured out, and they'll need to solve it together if there's any chance of making it out alive. Pulling from Earth's past, future, and beyond, Peter Clines has created a complex, dangerous world navigated by a dynamic ensemble cast and a story that is as thrilling as it is funny and heartfelt.
