A photograph of a bonfire made of driftwood on a beach at night. The fire is bright orange and yellow, with sparks flying upwards and outwards, creating a long-exposure light trail effect against the dark blue night sky. The beach is dark and sandy, and the ocean is visible in the background under a twilight sky.

Our Selves NA NA,2016-04-30 This is a lively study of the autobiographical instinct in a variety of 16th and 17th century modes of writing in English from letters and memoirs to pastoral polemic and street ballads The book s central concern is how selves are betrayed in texts particularly in the centuries before the autobiography was a recognized genre It suggests that self representation in the early modern period was often indirect emerging in oblique and surprising ways *Treasury of Favorite Song in Three Volumes, Songs and Hymns of the Millions of Yesterday, To-day and To-morrow* ,1916
