God's infinite wisdom and the depth of his love for us can be seen through the things he has made. Did you know that some creationist ideas actually conflict with the Bible? Patterns we see in the natural world are not accidental. Each one is a reflection of order and careful design. Is the Bible's account of creation compatible with scientific fact? Do you have to be anti-science to believe in creation? The Bible describes six days during which God created life. Were these 24-hour days? How long were the creation days? When was the beginning? Has science disproved the Bible's account of creation? Andrews will lay out the biblical interpretation concerning the creation days of Genesis. There are over a dozen different interpretations concerning the creative days of Genesis. In **THE CREATION DAYS OF GENESIS** Andrews will consider the main four to get at how God created the heavens and the earth. Andrews will give the reader the Bible's answer to these questions: i.e. God's Viewpoint. Moreover, readers will find real meaning and purpose in life based on accurate knowledge of the Creator and his creative activity as was written and what is revealed in the Bible. The
