

A photograph of Leonard Bernstein, a man with dark hair and a mustache, wearing a blue button-down shirt. He is captured in a dynamic pose, as if conducting, with his right hand raised and pointing forward. The background is dark and out of focus.

'With their intellectual brilliance, humour and wonderful eye for detail,  
Leonard Bernstein's letters blow all biographies out of the water'

Bernstein Paul R. Laird, 2018-02-15 Leonard Bernstein was one of twentieth century music's most successful and recognizable figures. In a career spanning five decades he conducted many of the world's leading orchestras and composed scores for landmark musicals such as *West Side Story*. With an iron self-belief he negotiated risky and challenging musical situations that resulted in always passionate if sometimes mixed reviews. Published to coincide with the hundredth anniversary of Bernstein's birth, this engaging new biography provides a concise overview of the life and work of a prodigiously talented, endlessly enthralling and controversial musician. Drawing on more than thirty years of study, leading Bernstein scholar Paul R. Laird describes Bernstein's work as a conductor, composer, music educator and commentator, evaluating all of his major compositions. Laird also explores the impact of Bernstein's complicated personal life on his professional work, including his homosexuality and many affairs with men, and his strong yet difficult marriage. Featuring original insights into Bernstein's life and work, including information gleaned from a 1982 interview with Bernstein, Laird's book is the ideal introduction to Bernstein's eclectic musical style and complex character, showing how both fit within the larger world of twentieth century music.

**Leonard Bernstein** Paul Laird, 2015-06-05 Beginning with an introductory essay on his achievements, it continues with annotations on Bernstein's voluminous writings, performances, educational work and major secondary sources.

**Juliet** Sophie Duncan, 2023-06-06 The enduring cultural legacy of Shakespeare's Juliet Capulet: a history as vital and provocative as the character herself. Literary Review. Romeo and Juliet may be the greatest love story ever told, but who is Juliet? Demure, ingenuitous, Or dangerous Mediterranean madwoman? From tearstained copies of the First Folio to Civil War era fanfiction, Shakespeare's star-crossed heroine has long captured our collective imagination. Juliet is her story traced across continents through four centuries of history, theatre and film. As Oxford Shakespeare scholar Sophie Duncan reveals, Juliet's legacy stretches beyond her literary lifespan into a cultural afterlife, ranging from enslaved African girls in the British Caribbean to the real-life Juliets of sectarian violence in Bosnia and Belfast. She argues that our dangerous obsession with the beautiful dead teenager and Juliet's meteoric rise as a defiant sexual icon have come to define the Western ideal of romance.

**Leaders** General Stanley McChrystal, Jeff Eggers, Jay Mangione, 2018-10-23 An instant national bestseller. Stanley McChrystal, the retired US Army general and bestselling author of *Team of Teams*, profiles thirteen of history's great leaders, including Walt Disney, Coco Chanel and Robert E. Lee, to show that leadership is not what you think it is, and never was. Stan McChrystal served for thirty-four years in the US Army, rising from a second lieutenant in the 82nd Airborne Division to a four-star general in command of all American and coalition forces in Afghanistan. During those years he worked with countless leaders and pondered an ancient question: What makes a leader great? He came to realize that there is no simple answer. McChrystal

profiles thirteen famous leaders from a wide range of eras and fields from corporate CEOs to politicians and revolutionaries. He uses their stories to explore how leadership works in practice and to challenge the myths that complicate our thinking about this critical topic. With Plutarch's *Lives* as his model, McChrystal looks at paired sets of leaders who followed unconventional paths to success. For instance, Walt Disney and Coco Chanel built empires in very different ways. Both had public personas that sharply contrasted with how they lived in private. Maximilien Robespierre helped shape the French Revolution in the eighteenth century. Abu Musab al Zarqawi led the jihadist insurgency in Iraq in the twenty first. We can draw surprising lessons from them about motivation and persuasion. Both Boss Tweed in nineteenth century New York and Margaret Thatcher in twentieth century Britain followed unlikely roads to the top of powerful institutions. Martin Luther and his future namesake Martin Luther King Jr. both local clergymen emerged from modest backgrounds to lead world changing movements. Finally, McChrystal explores how his former hero General Robert E. Lee could seemingly do everything right in his military career and yet lead the Confederate Army to a devastating defeat in the service of an immoral cause. Leaders will help you take stock of your own leadership whether you're part of a small team or responsible for an entire nation.

**Ages of Anxiety** Craig E. Stephenson, 2025-06-25. Craig E. Stephenson's *Ages of Anxiety* examines how W. H. Auden in his Pulitzer Prize winning poem *The Age of Anxiety* used C. G. Jung's psychological types to structure and explore his responses to war and the rise of fascism. This newly revised edition of Stephenson's 2015 Z-rich Lecture Series tracks Auden's notion of the poet's responsibilities and of the importance of the symbolic life in a time of conflict. The book tracks how Auden's poem inspired Leonard Bernstein's second symphony and how three choreographers Jerome Robbins, John Neumeier, and Liam Scarlett created dances set to this work with Jung's psychology running through all these creative extrapolations like a common thread. In this expanded edition, Stephenson considers how the contemporary essayists Scott Stossel and Roberto Calasso employ Auden's poem as touchstones for their own explorations of the meaning of anxiety in our time. *Ages of Anxiety* will be of interest to analytical psychologists, literary historians, performing arts historians, mental health practitioners, as well as the common reader.

*Bernstein and Robbins* Sophie Redfern, 2021. Leonard Bernstein and choreographer Jerome Robbins stand as giants of the musical theatre world, but it was ballet that launched their stage careers and established their relationship. With *Fancy Free* 1944, their triumphant debut collaboration produced by Ballet Theatre, Bernstein, Robbins, and set designer Oliver Smith, all only twenty-five years old, captured the spirit of wartime New York, created a defining ballet of the period still widely performed today, and became overnight sensations. The hit musical *On the Town* 1944 and a now largely forgotten ballet *Facsimile* 1946 followed over the next two years. Drawing extensively on previously unpublished archival documents, Bernstein and Robbins *The Early Ballets* provides a richly detailed and original historical account of the creation, premiere, and reception of *Fancy Free* and *Facsimile*. It reveals the vital and sometimes conflicting role of Ballet Theatre, explores how Bernstein composed the scores, sheds light on the central importance of Oliver Smith, and considers the

legacy of these works for all involved The result is a new understanding of Bernstein Robbins and this formative period in their lives SOPHIE REDFERN is an Honorary Research Fellow at the University of Sheffield UK and Curator for the European Opera Centre

Aaron Copland and His World

Carol J. Oja, Judith Tick, 2018-06-05 Aaron Copland and His World reassesses the legacy of one of America's best loved composers at a pivotal moment as his life and work shift from the realm of personal memory to that of history. This collection of seventeen essays by distinguished scholars of American music explores the stages of cultural change on which Copland's long life 1900 to 1990 unfolded from the modernist experiments of the 1920s through the progressive populism of the Great Depression and the urgencies of World War II to postwar political backlash and the rise of serialism in the 1950s and the cultural turbulence of the 1960s. Continually responding to an ever-changing political and cultural panorama, Copland kept a firm focus on both his private muse and the public he served. No self-absorbed recluse, he was very much a public figure who devoted his career to building support systems to help composers function productively in America. This book critiques Copland's work in these shifting contexts. The topics include Copland's role in shaping an American school of modern dance, his relationship with Leonard Bernstein, his homosexuality especially as influenced by the writings of Andr  Gide, and explorations of cultural nationalism. Copland's rich correspondence with the composer and critic Arthur Berger, who helped set the parameters of Copland's reception, is published here in its entirety, edited by Wayne Shirley. The contributors include Emily Abrams, Paul Anderson, Elliott Antokoletz, Leon Botstein, Martin Brody, Elizabeth Crist, Morris Dickstein, Lynn Garafola, Melissa de Graaf, Neil Lerner, Gail Levin, Beth Levy, Vivian Perlis, Howard Pollack, and Larry Starr. **Focus On: 100 Most**

**Popular Grammy Lifetime Achievement Award Winners** Wikipedia contributors, *The Dybbuk Century* Debra Caplan, Rachel Merrill Moss, 2023-10-11 A little over 100 years ago the first production of Ansky's *The Dybbuk*, a play about the possession of a young woman by a dislocated spirit, opened in Warsaw. In the century that followed *The Dybbuk* became a theatrical conduit for a wide range of discourses about Jews, belonging, and modernity. This timeless Yiddish play about spiritual possession beyond the grave would go on to exert a remarkable and unforgettable impact on modern theater, film, literature, music, and culture. *The Dybbuk Century* collects essays from an interdisciplinary group of scholars who explore the play's original Yiddish and Hebrew productions and offer critical reflections on the play's enduring influence. The collection will appeal to scholars, students, and theater practitioners as well as general readers. **Aaron Copland and the American**

**Legacy of Gustav Mahler** Matthew Mugmon, 2019 Although Aaron Copland 1900-1990 is often credited with creating an unmistakably American musical style, he was strongly attracted to the music of Gustav Mahler. Drawing extensively on archival and musical materials, this is the first detailed exploration of Copland's multifaceted relationship with Mahler's music and its lasting consequences for music in America. Matthew Mugmon demonstrates that Copland, inspired by Mahler's example, blended modernism and romanticism in shaping a vision for American music in the twentieth century and that he did so through his multiple roles as composer, teacher, critic, and orchestral tastemaker. Copland's career-long engagement with Mahler's music intersected with Copland's own Jewish identity and with his links to such towering figures in American music as Nadia Boulanger, Serge Koussevitzky, and Leonard Bernstein. *Smarter, Faster, Better* Charles Duhigg, 2016-03-08
