Turning Pro English Edition:

Introduction to Old Yiddish Literature Jean Baumgarten, 2005-06-02 Jean Baumgarten's Introduction to Old Yiddish Literature thoroughly revised from the first edition and translated into English provides students and scholars of medieval Renaissance and early modern European cultures with an exemplary survey of the broad and deep literary tradition in Yiddish. Baumgarten conceives of his work as the study of an entire culture via its literature and thus he conceives of literature in a broad sense. He begins with four chapters addressing pertinent issues of the larger cultural context of the literature and moves on to a consideration of the primary genres in which the culture is expressed: epic, romance, prose, narrative, drama, biblical translation and commentary, ethical and moral treatises, prayers, and the broad range of literature of daily use: medical, legal, and historical. In the field of early Yiddish studies, the book will be the standard of intellectual breadth and scholarly excellence for decades to come. In this second edition, the hundreds of text citations and bibliographical references that are the scholarly basis of the study have been verified and the citations translated anew directly from the original source.

The Rise of Modern Chinese Thought Hui Wang, 2023-07-18 Wang Hui asks what it means for China to be modern and for modernity to be Chinese. Is there a rupture between tradition and modernity in China? How has Confucian thought evolved? Did China become modern in the Middle Ages? A deep intellectual history. *The Rise of Modern Chinese Thought* revises our senses of both modernity and Chinese philosophy.

Bossa Nova Ruy Castro, 2012-04-01 Bossa nova is one of the most popular musical genres in the world. Songs such as *The Girl from Ipanema*, the fifth most frequently played song in the world, *The Waters of March*, and *Desafinado* are known around the world. Bossa Nova, a number one bestseller when originally published in Brazil, as *Chega de Saudade* is a definitive history of this seductive music. Based on extensive interviews with Antonio Carlos Jobim, João Gilberto, and all the major musicians and their friends, Bossa Nova explains how a handful of Rio de Janeiro teenagers changed the face of popular culture around the world. Now in this outstanding translation, the full flavor of Ruy Castro's wisecracking, chatty Portuguese comes through in a feast of detail. Along the way, he introduces a cast of unforgettable characters who turned Gilberto's singular vision into the sound of
