Standard 1	Indicator	Guiding Questions	Sample Evidence
Content Knowledge			
1.1	The candidate demonstrates their knowledge of subject matter content and an ability to organize related facts, concepts, and skills.	How does the design or structure of the lesson help students understand connections between and among discrete facts and their relationship to major concepts or big ideas?	Student use of graphic organizers, focus on essential question and focusing questions for lesson (e.g. written on white board)
1.2	The candidate activates learners' prior knowledge, experience, and interests and uses this information to plan content and to help individual students attain learning goals.	Do students have opportunities to connect new knowledge to prior knowledge including personal experiences and interests, as well as to other content areas?	Student inquiry, including posing of questions, formulation of hypotheses, gathering and evaluating of evidence; use of primary sources
1.3	The candidate connects curriculum to other content areas and real-life settings to promote retention and relevance.	What strategies does the candidate use to surface preconceptions about the content and help students correct misconceptions?	Use of such strategies of K-12's to activate prior knowledge; candidate questions that "get behind student thinking," calling on students to provide evidence as to why they hold a certain view (use of graphic organizers such as Venn diagrams, candidate questions that ask students to make these connections)
1.4	The candidate designs instructional activities based on state content standards.	In what ways does the candidate connect learning activities to learning outcomes embedded in the State Course of Study? What evidence suggests that students know the learning target to which instructional activities relate?	Learning targets posted on board, lesson plans, questions and statements that help students make connections between activities and learning targets
1.5	The candidate provides instructional accommodations, modifications, and adaptations to meet needs of each individual student.	To what extent does the candidate offer a variety of print and non-print materials to differentiate instruction?	Provision of a variety of primary and secondary sources, including web-based and electronic sources, to accommodate different reading/readiness levels, interests, etc.
Standard 2	Indicator	Guiding Questions	Sample Evidence
Teaching and Learning			
2.1 Organization and management of learning	The candidate creates a positive climate that promotes respect and responsibility.	In what ways and to what degree do the rules, routines, and practices promote respectful relationships between and among students (and the candidate and student ownership for the classroom community)?	Appropriate student response to candidate signals and oral instructions; seamless student movement from one activity to another; limited need for candidate intervention to correct off-task behavior; posted rules and procedures
2.2 Organization and management of learning environment	The candidate creates a safe, orderly, and stimulating learning environment that nurtures responsibility, motivation, and engagement of learners.	How do the discourse and interactions between candidate and students contribute to a culture of learning in the classroom?	Students actively listen and respond respectfully to one another and to the candidate (i.e., few examples of students' needing to have a question or comment repeated); students participate in cooperative groups where roles, responsibilities, and individual and group outcomes are clear to and observed by students; encouragement of student-to-student interactions through such strategies as "turn and talk," "think-pair-share," peer coaching/teaching
