The Host in the Machine Angela Thomas-Jones,2010-07-27 This text tackles online social networks by navigating these systems from the birth to the death of the digital self The author begins by examining the creation of a virtual identity in

online networks popularized by websites such as Facebook and Myspace The book subsequently explores how the social self is intrinsic to how social cultural and professional relationships are discovered forged and maintained The text journeys through the popular criticisms of social networking such as employee time wasting bullying stalking the alleged links between social networks and suicide and the decline of a user s public image The dissonance between the performance of the virtual and non virtual selves and the offline issues that can ensue are contextualized by the social nature of these online networks The discussion of this digital life ends by addressing the intricacies of becoming web dead which explores how a user removes their identity with finality from social networks and the entire web *Twitter Revolution* Deborah

Micek,Warren Whitlock,2008 NO RULESThe revolution is underway The power of social media lies with the people who use tools like Twitter com You decide how to use your power Our goal is not to create rules to follow on Twitter We simply want to give you the best tips resources and strategies to guide your success on Twitter at an accelerated pace Our mission is to help you avoid trial and error as early adopters were forced to endure and help you participate in one of the greatest communication revolution of our time This book was designed to help show everyone from the small business owner to the CEO of a large corporation from work at home moms to politicians in Washington DC how they can participate in the fastest growing social network and micro blogging revolution taking place right now Join us on Twitter **Business India** ,2010-04
