Angela M. O'Donnell, Eva Dobozy, Michael C. Nagel, Brendan Bartlett, Simone Smala, Catherine Wormald, Gregory Yates, 2024-12-31 O'Donnell et al's *Educational Psychology* provides pre-service teachers with a comprehensive framework for implementing effective teaching strategies aimed at enhancing students' learning development and potential. Through a meticulous examination of relevant psychological theories supplemented by contemporary local case studies and detailed analysis of lesson plans, the text offers a nuanced understanding of educational psychology without resorting to specialised terminology. Central to the text is a reflective practice framework equipping readers with the essential skills to bridge theoretical concepts with real-world classroom scenarios. Emphasising critical thinking and reflective practice, the text underscores their significance in fostering sustained professional growth and success. By integrating reflective practice into the fabric of the narrative, utilising real classroom examples, *Educational Psychology* cultivates a deep-seated understanding of the practical applications of psychological principles in educational contexts.

The PLC+ Playbook, Grades K-12 Douglas Fisher, Nancy Frey, John Almarode, Karen Florio-Ruane, Dave Nagel, 2019-05-10 Help your PLC group to work wiser not harder. This practical guide to planning and implementing PLC groups in a collaborative setting is designed to equip professional learning community teams with the tools they need to work effectively toward improving student learning. Designed as an accompanying resource to *PLC: Better Decisions and Greater Impact by Design*, the Playbook helps educators bring the PLC framework to life by supporting teams as they answer the five guiding questions that comprise a PLC: Where are we going? Where are we now? How do we move learning forward? What did we learn today? Who benefited and who did not benefit? Twenty-three modules support PLC groups as they work through one entire cycle of learning, addressing the five questions and four cross-cutting themes: equity, high expectations, individual and collective efficacy, and effective team activation and facilitation. Tools to support implementation of the PLC framework are embedded throughout the Playbook. Blank templates allow team members to record their work for every module. Step-by-step instructions guide PLC groups to facilitate productive discussion, engage in professional learning and gather and analyze evidence of student learning. Cross-cutting themes provide cohesion and focus throughout the work. PLC groups can utilize each activity in the Playbook or find an appropriate entry point and continue the work of building PLC. Engage in deeper learning around the ideas and concepts central to PLC and make greater equity and efficacy a reality in your school or district.
