Fields, 2023-03-16 In an age divided and skeptical when the true Christian story is often unknown or deeply misunderstood how do we even begin to share the news of Jesus And how might preaching in a local church both equip God's people for their missional task and speak in a way that a weary world can hear and even rejoice in The answer begins with seeing the Bible as a document developed in a missionary context for a missionary purpose This book starts there It begins by examining the Bible as a document of mission that needs to be interpreted through a missional lens It then moves to offer a mission shaped vision for preaching and the

needed tools for contextualizing the gospel in our post Christendom setting You'll find short accessible chapters with personal reflection questions as well as three group discussion sections ideal for either a classroom setting a preaching team in a local church or a preacher's guild

Strickland II, 2016-04-25 Pastors and chaplains aren't the only ones in ministry every Christian is called to be a minister through his or her work in the world But in order to fully understand what this entails we must look to the Bible and develop a fuller understanding of work as any way we interact with God's creation Doing so may transform our view of how Sunday morning impacts our work a day lives and vice versa In Every Waking Hour Benjamin Quinn and Walter R Strickland develop a biblically and theologically rich view of work vocation and how we may glorify God through everything we do

[Social Justice Goes To Church: The New Left in Modern American Evangelicalism](#) Jon Harris, 2020-10-06 The infusion of social justice into the gospel may well be the most dangerous problem facing the church today Yet it is going unnoticed in far too many circles Social Justice Goes to Church can serve as a wake up call Samuel C Smith Ph D Chair and Graduate Program Director Department of History Liberty University In order to understand why so many evangelicals recently support left leaning political causes it is important to know a little history In the 1970s many campus radicals raised in Christian homes brought neo Marxist ideas from college back to church with them At first figures like Jim Wallis Ron Sider and Richard Mouw made great gains for their progressive evangelical cause But after the defeat of Jimmy Carter the religious right stole the headlines Today a new crop of mainstream evangelicals has taken up the cause of the New Left whether they know it or not As pro life evangelicals rush to support movements like BlackLivesMatter and MeToo it is important to realize they are walking in footprints already laid down Their mission may be more successful but it is not new To understand where the evangelical social justice movement is heading it is vital to understand the origins of the movement Social Justice Goes to Church The New Left in Modern American Evangelicalism answers from a historical perspective the vital question Why are American evangelicals moving Left The great injunction to the Church was to preach the Gospel to the world while not being of the world Social justice neatly reverses this trend preaching the ways of the world into the church That is not its only critical reversal The Gospel is about freedom from guilt and sin and bondage Social justice seeks above all to apportion guilt and sin and bondage enslaving entire demographics and requiring that they kneel before man in attrition How important that a book of this nature should enter the fray right now I applaud Mr Harris for his excellent work in providing the practical means of identifying and repelling this fraudulent force this ideological interloper this dangerous false teaching Douglas Kruger Author of Political Correctness Does More Harm Than Good How to Identify Debunk and Dismantle Dangerous Ideas

Restoring the Vocation of a Christian College

Brad Pardue, Andrew T. Bolger, 2022-05-19

Restoring the Vocation of a Christian College examines the vocation of a Christian institution of higher learning to faithfully educate students and how individual Christian teachers and scholars can participate in this process no matter their discipline. It surveys and engages developments over the last few decades in Christian worldview studies, Christian pedagogy, character formation, and vocational reflection. Through individual essays by college administrators, cocurricular staff, and faculty from a wide range of disciplines, it provides both thoughtful reflection and concrete application of these often abstract concepts to specific institutional settings and the actual classroom experience.
