

1. B: Sheltered English. Sheltered English is designed to use every avenue in an effort to render classroom instruction comprehensible to English language learners. Teachers using this model incorporate physical movement, hands-on activities, wall charts, maps, overlays, visual presentations, and manipulatives to build vocabulary for academic concepts.
2. C: Phonology. Phonology is the study of a language's system of organizing sounds. Word families group words with similar sound units.
3. D: All the above. Common misconceptions about the ramifications of bilingual education include the beliefs that it will discourage students whose first language is not English from learning English; it is a potential threat to national identity by encouraging diversity instead of unity of identification; and non-native speakers will have little motivation to embrace their new culture.
4. A: The acquisition of language is unconscious and comes about through use while language learning is formal and based upon instruction. According to the theory, since language acquisition is both unconscious and natural, language acquisition instruction does not emphasize correction of mistakes or a strong focus on grammar, in order to avoid inhibiting the English language learner from naturally acquiring a facility with it; this is especially true for younger learners.
5. A: The smallest unit of distinctive sound in any spoken language. Unlike morphemes, phonemes do not embody meaning but do make a difference in distinction for a particular language. For example, in English /b/ and /p/ are both bilabial; /b/ is voiced and /p/ is unvoiced. In English, words like 'bat' and 'pat' have distinct meanings. In another language, these particular sounds may not be distinct but rather heard as identical.
6. A: 2,525 feet. $200 \times 2 + 325 + 50 + 125 + 125 + 50 + 325 + (375 \times 3) = 2,525$ feet.
7. C: Put consistent classroom routines in place and do not vary them; create a learning environment that reflects joy and discipline in learning; create clearly defined learning expectations and goals; allow students to work in heterogeneous groups; allow students to take ownership of some lessons.
8. A: Any district with a Bilingual/ ESL program.
