Linda Graham, MFT

Uncovering Happiness Overcoming Depression With Mindfulness And Self Compassion:

Uncovering Happiness Elisha Goldstein, 2016-12-06 Goldstein believes that overcoming depression and uncovering happiness is in harnessing our brain's own natural antidepressant power and ultimately creating a more resilient antidepressant brain. In seven simple steps she shows you how to take back control of your mind, your mood, and your life.

Resilience Linda Graham, MFT, 2018-08-27 Whether it's a critical comment from the boss or a full-blown catastrophe, life continually dishes out challenges. Resilience is the learned capacity to cope with any level of adversity, from the small annoyances of daily life to the struggles and sorrows that break our hearts. Resilience is essential for surviving and thriving in a world full of troubles and tragedies, and it is completely trainable and recoverable when we know how. In *Resilience*, Linda Graham offers clear guidance to help you develop somatic, emotional, relational, and reflective intelligence—the skills you need to confidently and effectively cope with life's inevitable challenges and crises.

Marriage and Family Therapy Linda Metcalf, 2023-12-23 Learn how to take different models of therapy from theory to real-world practice. Delivering proven therapeutic strategies that can be used immediately by students of marital and family therapy, this text brings 15 modern and postmodern therapy models to life through guiding templates and interviews with master therapists. The text progresses step by step through marriage and family essentials, describing in detail the systemic mindset and basic terminology used by the marriage and family therapist. Interviews with such master therapists as Albert Ellis, David V. Keith, and Mariana Martinez, who each provide commentary on a single case study, give readers the opportunity to observe different models in action, clarifying theory and practice simultaneously. Instructive templates for each model illuminate the nuts and bolts of the therapy process and help instructors bring content to life so students can visualize and practice the process. The updated third edition presents new interviews with master therapists, a new case study that reflects the modern-day client, and a section on social justice in each chapter. Also featured in the third edition are links to valuable new websites, recommended reading for in-depth study of each model, and an updated Instructor Manual, Test Bank, and Instructor Chapter PowerPoints. Audio and Video content are also available for chapters focusing on therapy models to dive deeper into practical application, interviews, and role play. New to the Third Edition: New chapters on social justice, teletherapy practices, marriage and family therapy in times of crisis including COVID-19, and the advantages of an accredited program. New interviews with master therapists who are evolving the systemic mindset, including an updated case study that reflects the contemporary client. A section on social justice for each therapy model. Audio and video content with interviews, discussions, and role play to enhance learning. Key Features: Provides a guiding template for each model from assessment through termination. Introduces the theory, history, theoretical assumptions, techniques, and components of each paradigm. Delivers numerous interviews, case study commentaries, and analyses by prominent master therapists. Provides theory and practice on supervision, research, ethics, and self-care of the therapist.
