The Magic of Believing & TNT: It Rocks the Earth Claude Bristol,2018-01-09 Claude Bristol s tough minded hard hitting message remains as fresh and focused today as when his books were first published when the subconscious mind was less understood Times have changed since the late 1940s but ambitions have not and millions of Americans have drawn on the no nonsense techniques described in The Magic of Believing to reach their dreams and achieve success Obstacles have become a thing of the past when they were blasted with Bristol s powerful book T N T It Rocks the Earth Adhering to his cornerstone philosophy on the power of believing T N T offers practical suggestions on how to accurately and scientifically proceed to get what you want in life Now you can learn how to impress your subconscious mind and have at your command a power that astounds This deluxe edition of the classic works includes a 21st century study guide structured with introspective questions that will allow you to let the wisdom the author imparts infiltrate both your conscious

and unconscious mind It s time to shift into high gear and forward motion as you commit to your greatest and highest purpose *Education Manitoba* ,1991 *Converse with One Earthly* Jeannie Chen,Cheng Hsiu Chen,2017-08-30 A book differs from a person in that one is dead and another alive The need to be consistent with oneself is one of the five merits discussed in chapter 7 A person needs to attempt on achieving consistency on all fronts but a book does not need to The inconsistency within this book demonstrates the consistency of authors to reveal all truth including our stages of spiritual growth An outline of this book is provided after the last chapter Textbooks in schools and colleges should have similar outlines appended to help the study The writing of outlines has not received enough attention in school that most students still write one paragraph before outlining Writing paragraphs sequentially should only occur when one does not have a clear sight of what to write and have only vague and general ideas Outlining should be done at least 95 percent of the time
