,1991 **The Beretta M9 Pistol** Leroy Thompson,2011-09-20 In 1990 the Beretta M9 replaced the venerable Colt 1911 as the main pistol of choice for the US Army and it has seen widespread use in Iraq and Afghanistan Written by a leading pistol expert who currently trains US Special Forces in the use of this weapon this book is an honest appraisal of the successes and failings of the 9mm Beretta The volume traces the Beretta designs that preceded the M9 as well as its use on the battlefield including the impact it has had on close combat training due its the larger magazine capacity It also details the adoption of the Beretta by US law enforcement agencies and the impact this has had This is a fascinating history of a classic pistol and an assessment of its future use **Hostage Rescue Manual** Leroy Thompson,2005-01-08 A comprehensive illustrated overview of the dynamic operations that have saved lives in hostage situations around the world Based on strategies proven successful in numerous incidents including the landmark SAS rescue at Prince s Gate London and compiled by an author with intimate and practical knowledge of the field this book explains why the success of a rescue is often determined in the hours leading up to confrontation Once an incident is contained a large share of the responsibility for a successful conclusion rests with the hostage negotiator whose job is to save the lives of both hostage and hostage taker But if negotiations fail it becomes necessary to send in the hostage rescue team to resolve the situation by force and skill Hostage Rescue Manual explains the complex factors that determine the entry methods undertaken by a team with discussion of the pros and cons of stealth versus dynamic approaches plus the significance of distraction in securing successful site entry Operations in widely differing locations from nuclear power plants to airliners are detailed as are the range of special weapons available to the men and women tackling each incident We learn of the multiple roles played by participants such as the use of snipers as intelligence sources With vivid photographs and diagrams of rescue units in action Hostage Rescue Manual is the complete reference work on counter terrorist procedures all over the world This revised edition updates the book with an entirely new section devoted to developments in hostage rescue among them operations in Russia and Iraq since first publication

Soldiers ,1988 **The Terminal List** Jack Carr,2022-06-14 On his last combat deployment Lieutenant Commander James Reece s entire team was killed in a catastrophic ambush that also claimed the lives of the aircrew sent in to rescue them But when those dearest to him are murdered on the day of his homecoming Reece discovers that this was not an act of war by a foreign enemy but a conspiracy that runs to the highest levels of government Now with no family and free from the military s command structure Reece applies the lessons that he s learned in over a decade of constant warfare toward avenging the deaths of his family and teammates With breathless pacing and relentless suspense Reece ruthlessly targets his enemies in the upper echelons of power without regard for the laws of combat or the rule of law **Impact** Adam Baker,2014-07-03 The world is overrun by an unimaginable horror The few surviving humans are scattered in tiny outposts across the world hoping for reprieve or death Waiting on the runway of the abandoned Las Vegas airport sits the B 52 bomber Liberty Bell revving up for its last desperate mission On board six crew members and one 10 kiloton nuclear payload

The target is a secret compound in the middle of the world's most inhospitable desert. All the crew have to do is drop the bomb and head to safety. But when the Liberty Bell crashes, the surviving crew are stranded in the most remote corner of Death Valley. They're alone in an alien environment, their only shelter the wreckage of their giant aircraft with no hope of rescue. And death is creeping towards them from the place they sought to destroy and may already reside beneath their feet in the burning desert sands. This is the fourth of Adam Baker's thrillers set in the post-apocalyptic world of OUTPOST JUGGERNAUT and TERMINUS.
